

I will not be able to sign up for oral testimony but wanted to submit my input for your attention..
My wife and I are registered voters of two parties and always vote...

Having reviewed the proposed maps I want it to be known that we support Congress Map B. I have reviewed congressional map A and find it illogical at best. For the sake of brevity (I am sure you are overwhelmed with input) I will not go into detailed arguments, nor will I submit another map.

Thank you
