FOR: HD 15 Plan B

To whom it may concern,

I am writing in support of Plan B for HD15 redistricting. Keeping Millersburg, Albany and Tangent together is important, these communities are all interwoven and should not be split apart.

When we look at the other proposed redistricting they either cut off Tangent and expand into south salem, or they cut off Millersburg and extend into Halsey. Why?

Plan B for HD 15 makes minor adjustments and keeps communities together instead of being diluted or changed where no change was necessary.

Thank you,
