

Good afternoon,

My name is Kayla Dow I'm a third generation Oregonian and I'm raising the fourth right now. Map B looks to be the fairest and most balanced map out of all the others, and that will be my choice to go with. It hard to hear everyone in leadership say things like "We are all in this together" here is your chance to show that you want balance and fairness. Map A doesn't have far lines it shows Portland being the voice of the Oregon. There's a lot of diversity in Oregon ,and that's what makes it so beautiful ,and we can't have one voice speaking for Oregon that's way map A should not pass. Map C has line splitting communities and their schools up and looks to be just messy in general. Thanks you for your time in hearing my voice. We are all in this together, so let's make that happen by passing Map B

Sincerely,

Kayla Dow  
3rd Generation Oregonian
