

I thank you for the opportunity to submit my thoughts on the lines being drawn. It is very important to keep communities close. Easier communication and agreement. Im in rural CD 4. House 17 Representative Jamie Cate. As i studied plans the B Plan looked the least complicated. I would appreciate no jury rigging for the advantage of some. Only asking for fair and just lines for the good. Thank you again for hearing my thoughts. Thank you Shelly Boshart and your team for the work you have put into this important need. Sincerely, Linda Mclucas
