

My Name is Jason Sprague. I have lived in Oregon for 36 years. I live in senate district 20, house district 39 and congressional district 5. I live in rural Clackamas County

I want to submit my testimony concerning redistricting. I feel that plan B is the best option for congressional districts in our state. I also believe that the senate districts in plan B are best suited for our state. The house districts in plan B are the best option for our state.

Adding a boundary change and incorporating West linn area into my current district does not make sense with my area. The neighboring community values do not align the same politically. So changing the lines would take our conservative voice away from the community that I live in. This change would then move me to be represented by a different representative that is miles away in Silverton that I have never met and is not familiar with our local issues or concerns.

My Picks

Congressional District B

Senate District B

House Districts B

Thank you for documenting my testimony

Thank you
