

To whom it may concern:

I am a mother of three children in district 12 and I work in diagnostic imaging.

I ask to be represented because redistricting matters. It's not fair that so many marginalized populations have been unrepresented. This is the opportunity to change that so that all Oregonians are represented fairly.

Maps that under populate the metro districts and push urban area voters into rural districts while overpopulating these same rural districts limits representation for rural voters and is a clear sign of gerrymandering. Our rural communities have very different needs and concerns than the urban centers and deserve representation and political boundaries that do not include urban areas. Unfortunately some of the proposed maps bring an inordinate amount of the Portland Metro area in to our rural communities .

Partisan gerrymandering with redistricting is a legitimate possibility in Oregon, and I am concerned about it because I live in a rural area. I wish to live in a state where I can trust the system and our democracy, to elect officials who truly represent the people.

"In America, politicians shouldn't pick their voters, voters are supposed to pick their politicians." Barack Obama

I looked over the proposed maps and the HOUSE/SENATE/CONGRESSIONAL MAP B are the best maps to enfranchise folks who've been left behind and left out of the democratic process. Both urban and rural populations deserve fair representation and PLAN B maps accomplishes that task.

Please support House/Senate/Congressional Map B, to ensure fair representation of all Oregonians is met.

Thank you,

Jubilee Cable
