

Hello I writing to state my objection to the redistricting plan put forth in OR House plan C.

This proposal would split Sandy from our Mountain neighbors up the road (Hwy 26). We share community resources and are bound together by common roads and services. Plan C indicates, even to the casual eye, a clear "jog" North in the map just to include Sandy.

Rather I support HD 52 Revised Plan 9-7-21, where Sandy is left in HD 52 and

The Dalles and Mosier, which do not share Mountain community resources and are in a different county entirely, are not in HD 52. Their inclusion in another district would alleviate the population representation as well as make more sense in resource allocation.

Thank you for considering Community input, I've lived in this district over 25 years.
