Oregon Redistricting Committee:
I am here to speak to why I am in favor of map B
I want my school district boundaries to be kept together in our geographical location, adding a boundary change and incorporating West Linn area into our current district I feel isn't the best for my area. Here are a few of the following reasons why:
• The neighboring community values do not a line the same politically. So changing the lines would take our conservative voice away from the community that I do life with.
• It is important that we are represented from someone that is in our community.
I support:
Congressional District B
Senate District B
House Districts B

Thank You,
