Oregon Redistricting Committee: I am here to speak to why I am in favor of map B I want my school district boundaries to be kept together in our geographical location, adding a boundary change, and incorporating West Linn area into our current district I feel isn't the best for my area. Here are a few of the following reasons why:

- The neighboring community values do not align the same politically. So, changing the lines would take our conservative voice away from the community that I do life with.
- It is important that we are represented from someone that is in our community.

I support: Congressional District B

Senate District B

House Districts B

Thank You,
