

OREGON STATE SENATE

September 13, 2021

Plan Opposition

Senate Committee on Redistricting
900 Court Street NE
Salem, Oregon 97301

Senators:

The Oregon redistricting plan that is now being circulated is being represented as the result of a careful bipartisan process. It is nothing of the kind.

Democrat operatives, who control essentially all of the relevant offices with authority over the plan, have crafted exactly the plan they want – a plan that gives Democrat candidates an unfair advantage in elections during the next decade.

I am sorry to see members of the Republican Party, to which I belong, aiding them in this process.

This “final” plan was completed months ago and is biased against Independent voters, Unaligned voters, Republican voters, and even many Democrat voters who think independently.

It favors government power over freedom and is a discredit to the State of Oregon.

Submitted,

Art Robinson
Oregon State Senate
District 2
