

Senators and Representatives ,

You can be replaced if you do not comply with this request for redistricting. I have lived in Klamath County for 12 years and have watched the farming community have water problems and irrigation fights.

The election mayhem and division this would cause is only serving to further erode the agricultural community that contributes to our food sovereignty.

I choose plan B and require this to be done for our community to encourage cohesion in our fragmented relationships.

Sincerely,

Diane Bittle
