

To: Joint Interim Committee On The Interstate 5 Bridge
From: Sam Churchill, Hayden Island
Re: Interstate Bridge Replacement
Date: December 2, 2021

Dear Committee Members:

I believe a Musk-like tunnel should be explored. Max is slow, stopping a dozen times before it reaches downtown Portland. BRT sits in traffic congestion.

The Interstate Bridge Replacement program will NOT fix congestion. Is that a solution? Perhaps a competitive "Open Tunnel Alliance" could provide significant benefits. To ALL parties.

1. The Open Tunnel Alliance (pdf).

Thank you.
