

IBRprogram @lbrProgram · Jan 18

Why isn't a tunnel a feasible solution for our program?

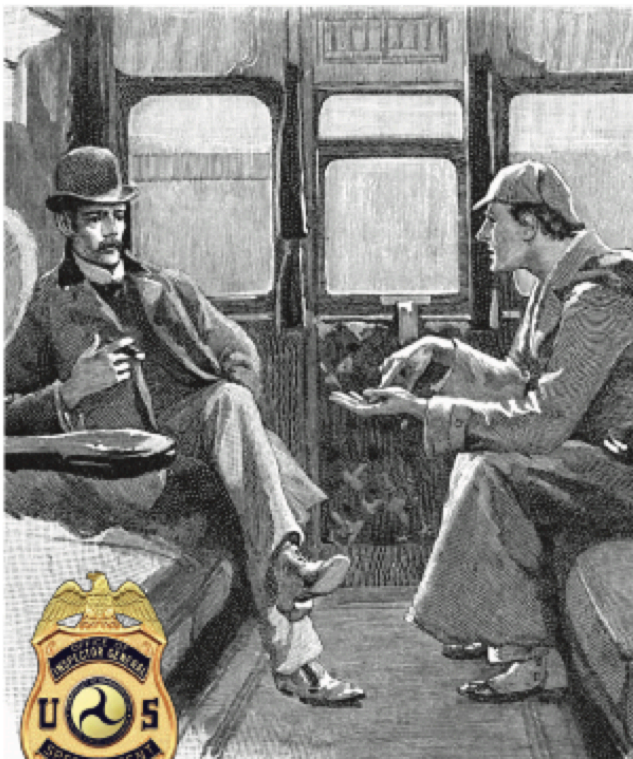

- It would eliminate important connections to Hayden Island, downtown Vancouver and SR-14.
- It would cost more than a replacement bridge.
- It comes with significantly more environmental impacts.

## U.S. Dept. of Transportation Office of Inspector General

Investigates:

False statements and false claims

Conflicts of interest and ethics violations

*"It's elementary my dear Watson..."*

Recognize and Report Fraud in  
Federally Funded Programs,  
Contracts, and Grants
