Transition to SBE Staffing Increases

NV Only Grew 13 FTE's Mainly for Appeals, Carrier Reconciliation, and Quality Assurance

New Policy Flexibility as SBE

- **Open Enrollment Period Extensions**
 - For PY 2020, Extended FFM 45-day Open Enrollment to 90 Days
- **Public Health Emergency Integration**
 - Biden-Harris SEP 2/15/21 – 5/15/2021
 - American Rescue Plan Act - Passed 3/11/21; Active in NV 4/19/21
- **State Specific Policies**

Owning Our Own Data

- **State Based Reporting Tool**
 - Nevada now receives over 80 standard reports updated every 4 hours ranging from Enrollment Dashboards to Audit Reports to Application vs. Enrollment Reports to Medicaid Account Transfer Reports to Outreach and Marketing Reports
- **Targeting Underserved Populations and Promoting Health Equity**
 - Through internal teams and Nevada Health Link's contracted outreach and marketing vendor, we are able to identify underserved and uninsured populations throughout the State and micro target outreach to them. This microtargeting through data provides cost savings due to the fact Nevada does not have to blanket outreach and advertise to entire state.
