

## **SUBCOMMITTEE RECOMMENDATION**

### **Item 68: Oregon Department of Aviation IIJA Federal Funds**

---

To:           Emergency Board Full Committee  
From:        Human Services Subcommittee  
Carrier:      Senator Girod

---

The Human Services Subcommittee recommends that the Emergency Board approve an increase of \$2,047,000 Federal Funds expenditure limitation and \$227,444 Other Funds expenditure limitation for the Oregon Department of Aviation for infrastructure projects at 10 state-owned airports.

The Infrastructure Investment and Jobs Act (or IIJA) passed by Congress in 2021 has made available \$10.2 million in federal formula grant funds to the Oregon Department of Aviation for state-owned airport infrastructure improvement projects over the course of five years. The Department is requesting expenditure limitation to cover costs for the first year of projects at 10 state-owned airports beginning as early as June 1st, 2022. Federal grants will fund 90% of the project with a 10% state match.

The Subcommittee recommends approval.
