- Developed by ODE's Expanded Learning Team for multiple summer programs
- Assesses four areas of student engagement: accessible and engaging opportunities, co-creation and student interest, sense of belonging, and self-efficacy
  - These equity-driven constructs are foundational to high-quality summer programs and the basis of the [ODE Summer Learning Best Practice Guide](#).
- Additional information can be found in the [survey administration guide](#).

# Student Voice Survey

What makes you feel that way?
