

# **LC 313: Expanding Automatic Voter Registration**

---

## **House Committee on Rules**

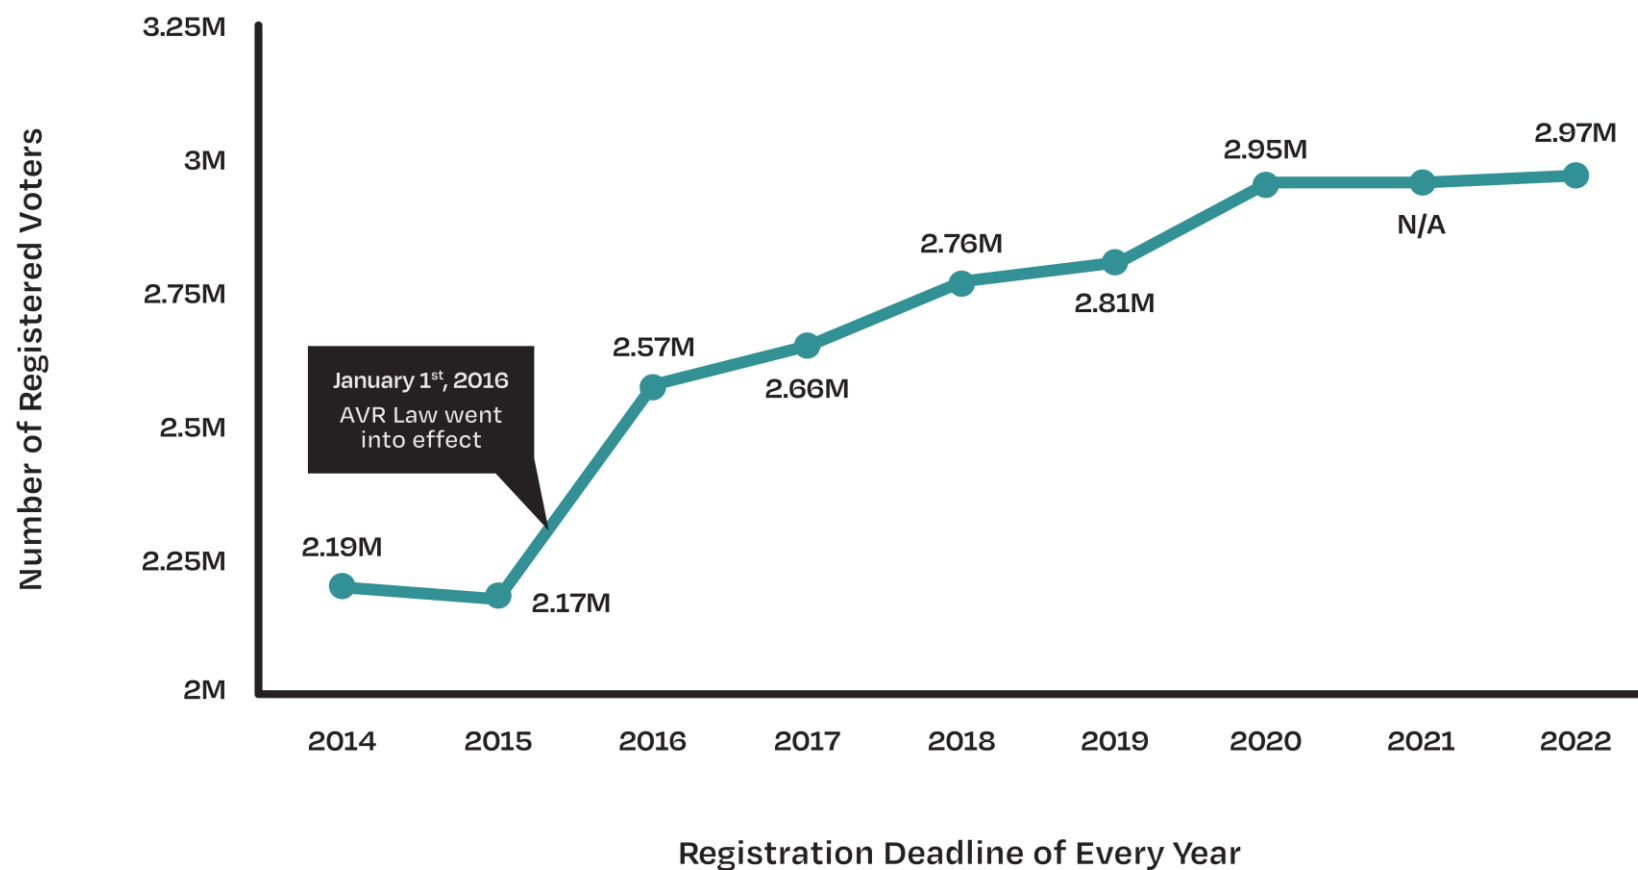

**December 8, 2022**

**Jessica Ventura**

Legislative Director for  
SoS Shemia Fagan

# Removing barriers to registering works!

Number of Registered Voters by Year

## **We can build on the success of Motor Voter by partnering with the Oregon Health Plan.**

Approximately 171,000 people on the Oregon Health Plan are eligible, but not registered to vote.

**LC 313** will expand automatic voter registration to people on the Oregon Health Plan.

Operative June 1, 2026.

**OREGON SOS**

\* This change would require a waiver from the Federal government in addition to state legislature.

## **We can build on the success of Motor Voter by piloting a program with the Dept. Of Corrections.**

When adults in custody are released, they regain the right to vote. But many don't re-register. Approximately 400 Adults in Custody are released in Q4 of 2022.

**LC 313** includes a pilot program to expand automatic voter registration to the Powder River Correctional Facility.

In collaboration with Department of Corrections,  
Department of Transportation & County Clerk.

Start date: 01-01-2026. Sunset January 1, 2029.
