81st LEGISLATIVE ASSEMBLY
HOUSE INTERIM COMMITTEE ON ENVIRONMENT AND NATURAL RESOURCES
State Capitol
900 Court St. NE, Rm. 347
Salem, OR 97301
503-986-1755

December 6, 2022

To: House Interim Committee on Environment and Natural Resources
From: Erin Pischke, LPRO Analyst
Subject: 2023 Committee LCs

LC 529 would amend certain provisions of program for special assessment of wildlife habitat land relating to monitoring of implementation by landowner of approved wildlife habitat conservation and management plan (dated September 9, 2022).

LC 830 would create income or corporate excise tax credit allowed for purchase of commercial-grade battery-powered leaf blowers and related equipment (dated November 21, 2022).

LC 2709 would require Oregon Department of Energy to study avoided costs for acquiring renewable energy (dated November 8, 2022).

LC 2583 would appropriate moneys to State Department of Fish and Wildlife for purposes related to chronic wasting disease (dated October 5, 2022).

LC 1670 would prohibit sale or distribution in Oregon of certain types of new compact fluorescent lamps and linear fluorescent lamps (dated November 16, 2022).

LC 1222 would require Oregon Department of Agriculture, in consultation with Oregon Department of Energy, to study use of biomass as feedstock for production of renewable diesel (dated October 17, 2022).

LC 1388 would direct Oregon Department of Energy to convene a workgroup to examine, evaluate and, develop statewide strategies to accelerate development of state's renewable hydrogen industry (dated November 23, 2022).

LC 3044 would require the Oregon Department of Energy to work with a diverse group of stakeholders to identify areas of inquiry regarding energy and energy use in the state, develop research options, and an convene advisory group to develop recommendations and benchmarks around energy and energy use in Oregon (dated November 30, 2022).
