Dolly Matteucci, Oregon State Hospital Superintendent

OSH in the behavioral health continuum

- Oregon is working toward a robust and integrated behavioral health system with sufficient community prevention, treatment, diversion and crisis services.
- OSH plays a vital role in the system's continuum by treating people with complex conditions who are at risk of harm to self or others.
- OSH exists to provide treatment, stabilization, safety and successful community re-integration.
- OSH serves people with severe mental illness from all 36 counties.

Providing hospital-level care

- Hospital level of care:
24-hour on-site nursing and psychiatric care
 - credentialed professional and medical staff
 - treatment planning
 - pharmacy, laboratory
 - food and nutritional services
 - vocational and educational services
- Accredited by The Joint Commission and certified by the Centers for Medicare & Medicaid Services (CMS)
- Helping patients achieve a level of functioning that allows them to successfully transition back to the community

People we serve

Civil commitment

- Patients civilly committed or voluntarily committed by a guardian
- Those who are imminently dangerous to themselves or others, or who are unable to provide for their own basic needs due to their mental illness

Guilty except for insanity (GEI)

- People who committed a crime related to their mental illness
- Patients are under the jurisdiction of a separate state agency – Psychiatric Security Review Board (PSRB)

People we serve

Aid and assist (.370)

(Salem only)

- People ordered to the hospital by circuit and municipal courts under Oregon law (ORS 161.370)
- Treatment enables patients to understand the criminal charges against them and to assist in their own defense

Neuropsychiatric services

(Salem only - all commitment types)

- People who require hospital-level care for dementia, organic brain injury or other mental illness
- Often with significant co-occurring medical issues

2020 Census

In 2020*, Oregon State Hospital provided treatment for 1,294 people committed by the courts or the Psychiatric Security Review Board.
