Dear House Special Committee Members,

Thank you for the opportunity to provide testimony. I am submitting testimony on behalf of Hayam Aldokany who was impacted by the Alameda fire. It is as follows:

"We are new in Oregon. We lost everything except two cars. We saw the fire, construction workers notified us to leave. We only received \$500 per family member from FEMA. It only covered clothing, nothing more. We are in housing. We still need many household items and furniture.

We feel shock. We lost everything. We had only been here 3 weeks".

Thank you once again,
