

Hello,

My name is Tkeisha Wydro and I live in McMinnville, Oregon. Please create a nonpartisan, independent redistricting committee, similar to the one former SOS Dennis Richardson proposed, that would ensure a fair and transparent process and recognize the diverse voting populations in our state. I do not think it's fair for currently elected politicians to be able to pick and choose which populations to include in their districts.

Sincerely,  
Tkeisha Wydro
