

Hello, My name is Ann Snyder. I am a registered voter in Jefferson County (District 2). I have been concerned for many years that District 2 is geographically too big for one person to accurately represent. Trying to cover an area from Medford to Hood River and the Cascades to the Idaho border is too much, and the people are too diverse. I don't know exactly how to divide it, but it should be divided into at least 2 districts. I would be willing to discuss with other people how to divide this up if necessary.

Thank you     Ann
