

Hello!

My name is Janessa Pogue and I reside in CD2. I wish to go on record as urgently requesting all Oregon legislators to be fair as they redistrict Oregon with the new statistics from the 2020 census results.

Many special interest groups have paid large amounts of money to gerrymander this redistricting process, and I ask you to make the constitutional decision to not let financial gain guide you in this process. Please draw district lines to fairly represent the population of Oregon in all districts so that there is fair and equal representation for all your constituents in this state.

Be fair with no gerrymandering.

Thank you!

God Bless America!
