

To the redistricting committee,

Please take a moment to read my plea:

My name is Leslie Seeberger, I live in Vernonia Oregon. I am 60 years old and have lived in the country all my life. We are a self-sufficient kind of people that like quit, like working in our yards, tending our fields, caring for the cattle. Our fields, cattle, gardens feed the city, our flowers go into your yards. The City's, like Portland are a disgrace to our state. A state I love and am proud of. The city people hate their way of life, and hate everyone else way of life also. We are still a resource based economy and not connected to the Portland Metro area. To have people who are so full of hate, have the say will totally destroy Oregon's lovely country and a way of life for so many. Please protect our rural communities and rural needs for leadership in the redistricting process. City people have destroyed the cities, please do not hand over the country for them to destroy also.

Thank you,

Leslie Seeberger
