

Are we too country for you? If you believe in diversity, then understand that rural living needs representation that supports our lifestyle. If you continue to incorporate metropolitan zones/suburbia into the countryside we will cease to exist. Is this your plan?

Power and control are what dictatorial/authoritarian governments use to suppress its people.....This is America land of the free. "life liberty and the pursuit of happiness" The question is; who do you care about.....people or party?

Sincerely;
