

Dear Committee Members:

I'm writing today with huge concerns regarding redistricting. I live in Warren, Oregon and have a small business here. I choose to live in this area and build a business here because I desire to live in a small rural setting. If I wanted to live in Portland, I would have bought a home and started a business there. I do not want any urban development in Columbia County. We are a rural lifestyle community and my husband and I do NOT want further development in Columbia County.

Please consider my request and desire.

Thank you,
Liana Viken
