

Hello,

My name is Dana Mattila and I live in the town of Scappoose in Columbia County, Oregon.

I want my voice to be heard that I want equal and fair community redistricting. We have NOTHING in common with the Metro area other than one rural highway. We need to have a voice and representation that knows our rural communities and do not need or want more of the metro area in our rural county when re-drawing the political boundaries.

Thank you,

Dana Mattila
