#### ISSUES DISCUSSED:

##### EFFECT OF AMENDMENT:

No amendment.

##### BACKGROUND:

The Department of Environmental Quality's (DEQ) Emergency Response Program works to prevent and respond to spills of oil and hazardous materials, including herbicides, insecticides, residues resulting from any industrial or manufacturing process, and other materials that pose a substantial threat to human health or the environment. Hazardous waste management fees collected from producers are partially used to fund the Emergency Response Program.

HB 3269 would direct the Department of Environmental Quality (DEQ), in consultation with stakeholders to study and develop strategies to fund DEQ's emergency response program, provide update on progress of the study to interim committees of Legislative Assembly no later than January 15, 2022, and to provide a final report no later than June 15, 2022.
