BACKGROUND:

Oregon's Statewide Land Use Planning Goal 3, 'Agricultural Lands,' requires all agricultural lands to be inventoried and preserved by adopting exclusive farm use (EFU) zones. Certain nonfarm uses are also allowed on EFU-zoned lands. In 2019, the legislature passed House Bill 2106 allowing dog training classes or testing trials to be conducted outdoors or in farm buildings in existence on or before January 1, 2019 rather than January 1, 2013. ORS 92.017 establishes when a lawfully created lot or parcel remains a discrete lot or parcel and was last amended in 1993.

House Bill 2645 would exempt dog training facilities from state structural specialty codes and establish that lawfully created units of land remain lawfully established units of land following a judgment that relocates a property line, prohibiting the requirement of additional procedures for denying permits based on judicial boundary changes.
