Measure Description:

Authorizes a public utility to seek rate recovery for operating expenses and capital costs associated with resiliency measures. Directs the Public Utility Commission to require an electricity service supplier to publicly disclose a summary of the aggregated energy supply mix and associated emissions of the power sources that serve direct retail electricity consumers, or any other aggregated information comparable to information provided by electric companies to retail electric consumers.

Government Unit(s) Affected:

Cities, Department of Energy (DOE), Special Districts, Public Utility Commission (PUC), Counties, Confederated Tribes of Siletz, Confederated Tribes of Warm Springs and Coquille Indian Tribe, Department of Environmental Quality (DEQ), Confederated Tribes of Grand Ronde

Analysis:

The proposed legislation has been determined to have

MINIMAL EXPENDITURE IMPACT

on state or local government.

While this individual measure has a "Minimal" fiscal impact, an agency may incur a net fiscal impact greater than minimal depending on the cumulative impact of all measures enacted into law that affect the agency.
