#### **ISSUES DISCUSSED:**

##### **EFFECT OF AMENDMENT:**

-A3 Removes requirement for DOC to provide a written report to the legislature pursuant to OR 192.245 within 14 days of any extended suspension or termination of an alternative incarceration program. Instead directs DOC to report (informally) to the legislature within 30 days of any extended suspension or termination of an alternative incarceration program.

##### **BACKGROUND:**

An alternative incarceration program (AIP) is an intensive prison program for select inmates to address criminal risk factors. Alternative incarceration was established by House Bill 2481 (1993), creating the Summit program. Ten years later, the 2003 Oregon Legislative Assembly authorized the Department of Corrections (DOC) to establish residential AIPs that emphasize intensive alcohol and drug treatment (House Bill 2647).

Senate Bill 836 A requires the DOC to consider all other alternative options before suspending or terminating an alternative incarceration program in its entirety for more than five consecutive days and directs the DOC to establish a process of regular communication with AICs participating in an alternative incarceration program regarding program changes.
