

SUBCOMMITTEE RECOMMENDATION

SB 222

Relating to reimbursements for vision screenings of students

To: Ways and Means Full Committee
From: Education Subcommittee
Carrier: Representative McLain

SB 222 clarifies who may conduct vision screenings and appropriates \$1.5 million General Fund for deposit in the Vision Health Account to make reimbursements for vision screenings provided by community providers or other vision screening services. Currently, vision screenings are reimbursed through education providers instead of direct reimbursement through the Oregon Department of Education.

The Education Subcommittee recommends SB 222 be reported out do pass.
