BACKGROUND:

Oregon law states that the county clerk must be open for the receipt and certification of instruments presented for recording for a minimum of six hours between the hours of 9:00 am and 4:00 pm, including the first and last hour of every day, Monday through Friday, except for holidays. Senate Bill 250 A establishes regular business hours for this purpose at four hours per day and 30 hours per work week, and allows for the reduction in hours for certain circumstances, including holidays, trainings, a declared state of emergency, and any other event that poses a safety risk to the public and office staff.
