

SUBCOMMITTEE RECOMMENDATION

HB 3352

Relating to access to health care

To: Ways and Means Full Committee
From: Capital Construction Subcommittee
Carrier: Representative Nosse

HB 3352 renames the Health Care for All Oregon Children program as Cover All People and expands health care coverage to adults who would be eligible for Medicaid except for their immigration status. The measure appropriates \$100 million General Fund to the Oregon Health Authority to implement this program, including for outreach and education.

Through June 30, 2023, the measure authorizes OHA to restrict eligibility to certain categories or groups of adults eligible for the program to remain within the capped funding amount. If the agency needs to restrict eligibility, decisions on which groups of adults to cover must be informed by a workgroup convened by OHA to ensure community feedback is included from a health equity perspective.

The Capital Construction Subcommittee recommends HB 3352 be amended by the -A4 amendment and be reported out do pass, as amended.
