2021-23

PRELIMINARY

Summary of Revenue Changes

The Oregon State Lottery collects revenues from traditional, sports betting, and video lottery gaming. It pays player prizes and its operating expenses out of these revenues and then transfers the balance (net revenues or proceeds) to the Administrative Services Economic Development Fund (EDF). The Department of Administrative Services (DAS) distributes funds from the EDF in adherence with constitutional and statutory funding priorities, including specific legislative allocations. Lottery revenues are projected to be \$1,651.5 million for the 2021-23 biennium, based on the DAS Office of Economic Analysis May 2021 forecast. Legislatively approved budget allocations, plus the allocations specified in the Oregon Constitution, total \$1,695.8 million and result in projected EDF ending balance of \$30 million.

The Oregon Lottery transfers net lottery revenues to the Administrative Services EDF on a quarterly basis. From each quarterly transfer, a number of dedicated distributions are required by the Oregon Constitution or are provided for in Oregon Revised Statutes (ORS), including:

- The Oregon Constitution requires that 18% of net proceeds be distributed to the Education Stability Fund.
- The Oregon Constitution requires that 15% of net proceeds be distributed to the Parks and Natural Resources Fund.
- The Oregon Constitution requires that 1.5% of net proceeds be distributed to the Veterans' Services Fund.
- Oregon statute requires that 4% of net proceeds, up to a maximum of \$5.5 million per quarter adjusted for inflation, be distributed to the Outdoor School Education Fund.
- Oregon statute requires that 2.5% of net proceeds of video lottery gaming be distributed to the counties for economic development activities. Beginning with the 2005-07 biennium, 50% of the operating costs for the Economic Revitalization Team (ERT) established by ORS 284.555 are also funded from this source. Beginning with the 2013-15 biennium, 50% of the funding for the Governor's Office Regional Solutions Program positions are also funded from this source.
- Oregon statute requires that 1% of net proceeds be distributed to the Sports Lottery Account for sports programs at the seven public universities and for scholarships.
- Oregon statute requires that 1% of net proceeds be transferred to the Oregon Health Authority for gambling addiction prevention and treatment programs.
- Oregon statute requires that 1% of the net proceeds, not to exceed \$1.53 million annually, be transferred to the County Fair account. The maximum amount is adjusted each biennium pursuant to certain changes in the Consumer Price Index.

- Oregon statute requires that net proceeds of sports betting games, after deduction for the constitutional dedications, be transferred to the Public Employees Retirement System Employer Incentive Fund.
- Oregon statute requires that annual debt service payments for outstanding lottery revenue bonds be satisfied before allocating amounts for other purposes. During the 2021-23 biennium, debt service requirements will comprise approximately 16.4% of the total distributions from the EDF.

Finally, the Legislature makes other allocations from the EDF within authorized public purposes. These purposes include job creation, economic development, and public education. Currently, the bulk of allocations are made to the Department of Education for the State School Fund and to the Oregon Business Development Department for various economic and community development program expenditures.

Debt service allocations are paid annually. Interest earned on the EDF is retained within the fund. If any funds remain undistributed at the end of any quarter, they will remain in the EDF for allocation in future quarters. If quarterly revenue in the EDF is insufficient to pay for quarterly distribution of allocations, DAS will first fund debt service obligations. Remaining revenues will be distributed in a prorated manner.

Summary of Capital Construction Subcommittee Action

Lottery Revenue Allocation

SB 5533 allocates net lottery revenue from the EDF and the Veterans' Services Fund. The amounts outlined in this bill are based on the May 2021 Lottery revenue forecast from the DAS Office of Economic Analysis. The attached tables display the Lottery Funds allocated by the Subcommittee from the EDF and Veterans' Services Fund. All lottery allocations approved from these funds for the 2021-23 biennium are included in SB 5533. The 2021-23 allocations are summarized below.

- A total of \$278.5 million Lottery Funds is allocated for debt service on outstanding lottery revenue bonds. The allocation also includes estimated debt service payments on lottery bonds authorized to be issued during the 2021-23 biennium. These funds are allocated to the DAS, since the DAS Capital Finance and Planning Division administers the lottery bond program and associated debt service for the state. DAS will transfer the necessary funding to the Higher Education Coordinating Commission, Oregon Business Development Department, Housing and Community Services Department, Department of Transportation, Department of Forestry, Department of Energy, State Parks and Recreation Department, Water Resources Department, and Department of Veterans' Affairs for the payment of debt service on outstanding lottery bonds.
- The State School Fund is allocated \$589.5 million Lottery Funds.

- A total of \$100.3 million Lottery Funds is allocated for the programs of the Oregon Business Development Department. This total excludes amounts allocated for debt service payments on lottery revenue bonds, but includes \$10.9 million for Operations; \$83.6 million for Business, Innovation and Trade; \$4.4 million for Infrastructure, and \$1.4 million for the Film and Video Office.
- The Office of the Governor is allocated \$4.6 million Lottery Funds for the Regional Solutions Program. Half of this funding will come from a reduction in the net video lottery proceeds that are distributed to counties for economic development.
- The Department of Veterans' Affairs is allocated \$20.6 million Lottery Funds from the Veterans' Services Fund. This total includes \$12.6 million for veterans' services provided by the Department, \$7.5 million for county veteran service officers, and \$497,880 for National Service Organizations.
- The Bureau of Labor and Industries is allocated \$261,416 from the Veterans' Services Fund to administer an outreach program to inform National Guard and reserve members and veterans about trade careers and apprenticeship opportunities.
- The Criminal Justice Commission is allocated \$578,865 from the Veterans' Services Fund for veterans' specialty courts.
- The Oregon Health Authority is allocation \$2.1 million from the Veterans' Services Fund for veterans' behavioral health services.

Education Stability Fund

A constitutional amendment approved by Oregon voters in 1997, and amended in 2002, requires that 18% of net lottery proceeds be transferred to the Education Stability Fund (ESF). Interest earnings on the ESF are continuously appropriated for the benefit of education programs. These earnings are split 75% to the Oregon Education Fund, for debt service on lottery bonds issued for the Department of Education, and 25% to the Higher Education Coordinating Commission for Oregon Opportunity Grants. ESF interest earnings are projected to be \$5.6 million during the 2021-23 biennium and are utilized to support the Oregon Opportunity Grant Program. No lottery bond debt service is outstanding on bonds previously issued for the Department of Education.

Ten percent of the amount transferred to the ESF is deposited into the Oregon Growth Account within the ESF. All declared earnings from this account are continuously appropriated to the Oregon Education Fund and the Higher Education Coordinating Commission. The transfers and distributions relating to the ESF as described here are established by the Oregon Constitution and by other statutes; therefore, SB 5533 does not include provisions relating to them.

Parks and Natural Resources Fund

Ballot Measure 76, approved by Oregon voters in 2010, requires 15% of net lottery proceeds to be transferred to the Parks and Natural Resources Fund. This fund is continuously appropriated for the benefit of parks and recreation and for native species protection and

restoration. This transfer is established by the Oregon Constitution. Therefore, SB 5533 does not include provisions relating to Parks and Natural Resources Fund transfers.

Veterans' Services Fund

Ballot Measure 96, approved by Oregon voters in 2016, requires 1.5% of net lottery proceeds to be transferred to the Veterans' Services Fund. This fund is continuously appropriated for the benefit of veterans. This transfer is established by the Oregon Constitution. SB 5533, therefore, does not include a provision to transfer lottery proceeds into the Veterans' Services Fund. The bill does, however, include allocations from the Veterans' Services Fund to support programs benefitting veterans at the Department of Veterans' Affairs, Bureau of Labor and Industries, Criminal Justice Commission, and Oregon Health Authority.

Outdoor School Education Fund

Ballot Measure 99, approved by Oregon voters in 2016, requires 4% of net proceeds, but no more than \$5.5 million per quarter adjusted for inflation, be distributed to the Outdoor School Education Fund. The Fund supports the Outdoor School program and is managed by the Oregon State University Extension Service. The Subcommittee approved a fixed allocation of \$49.4 million for the 2021-23 biennium, rather than the percentage allocation described in statute.

County Economic Development

ORS 461.547 requires that 2.5% of net proceeds of video lottery gaming be distributed to the counties for economic development activities. Beginning with the 2005-07 biennium, 50% of the operating costs for the Economic Revitalization Team (ERT) established by ORS 284.555 were funded from this source. Beginning with the 2013-15 biennium, 50% of the funding for the Governor's Office Regional Solutions Program positions are also funded from this source.

The Subcommittee approved allocating a fixed dollar amount for county economic development during the 2021-23 biennium, rather than the percentage allocation described in statute. The fixed dollar amount is \$54.2 million, which is equal to 2.5% of the amount of net video lottery proceeds projected in the May 2021 revenue forecast, minus one-half of the allocation to the Office of the Governor for the Regional Solutions Program.

Gambling Addiction Prevention and Treatment

The 1999 Legislature statutorily dedicated 1% of net lottery proceeds to be transferred to the Oregon Health Authority to fund gambling addiction programs in the state. The Subcommittee approved a fixed allocation of \$16.5 million for the 2021-23 biennium, rather than the percentage allocation described in statute.

Sports Lottery Account

Beginning in 2007, 1% of net lottery proceeds are dedicated for distribution to public universities to offset the costs of intercollegiate athletic programs and for academic scholarships. The Subcommittee approved a fixed allocation of \$16.5 million for the 2021-23 biennium, rather than the percentage allocation described in statute.

County Fairs

The 2001 Legislature statutorily dedicated 1% of net lottery proceeds, with certain limitations, for distribution to county fair programs throughout the state. This amount is adjusted by inflation each biennium. The Subcommittee approved a fixed allocation of \$3.8 million for the 2021-23 biennium, rather than the percentage allocation described in statute.

Employer Incentive Fund

In 2019, the Legislature dedicated the net proceeds of sports betting games to the Public Employees Retirement System Employer Incentive Fund (EIF) to provide a 25% match on qualifying employer lump-sum payments to the EIF. The Subcommittee approved a fixed allocation of \$12.7 million for the 2021-23 biennium, which is equal to sports betting proceeds projected in the May 2021 forecast, net of the constitutional dedications.

Lottery Funds Expenditure Limitation

Lottery Funds expenditure limitation related to these allocations is established within the respective agency budget bills and in the budget reconciliation bill (HB 5006).

Criminal Fine Account Allocation

ORS 137.300 establishes the Criminal Fine Account (CFA), and identifies program priorities for account moneys, but does not specify a funding level for the programs. A portion of the crime and violation fine payments collected by state and local courts are transferred into the account. The expenditure limitations for programs receiving CFA allocations are established in the separate agency appropriation bills or the budget reconciliation bill (HB 5006). Any CFA revenues remaining after the specific program allocations are deposited into the General Fund.

The forecast of CFA revenues for the 2021-23 biennium totals \$122.1 million. This amount is equal to the amount in the revenue forecast from the DAS Office of Economic Analysis as of May 2021.

The Subcommittee approved allocations to agencies totaling \$92 million, leaving \$30.2 million to be deposited into General Fund. Those revenues are used to supported General Fund expenditures authorized in the 2021-23 legislatively adopted budget. The specific allocation amounts authorized in this bill are listed in the table of this budget report.

The allocation to the Department of Public Safety Standards and Training (DPSST) for operations is increased by \$1.5 million above the current service level amount for the following:

- \$467,878 for investments approved in the agency’s budget, including the Statistical Transparency of Policing (STOP) program, instructor development, and facilities maintenance.
- \$409,468 to implement the provisions of HB 2162, which requires DPSST to designate an accrediting body for law enforcement agencies and to establish a statewide equity training program for law enforcement officers.
- \$665,972 on a one-time basis to implement the provisions of HB 2527, which requires DPSST to license private security entities. This measure requires DPSST to establish fees for issuing licenses to private security entities. It is anticipated that fee revenues will support the cost of the program after, but not during, the 2021-23 biennium.

Oregon Marijuana Account Allocation

Net revenues from state Marijuana taxes, after payment of administrative and enforcement expenses, are deposited into the Oregon Marijuana Account (OMA). The passage of Ballot Measure 110 in November 2020 changed the statutory distribution of moneys in OMA. Previously, 20% of revenues transferred to the OMA were distributed to cities and counties, with the remaining 80% of moneys in the OMA distributed to the State School Fund (40%), the Mental Health Alcoholism and Drug Services Account (20%), the State Police Account (15%), and alcohol and drug abuse prevention, early intervention and treatment services (5%). Under the measure, the first \$11.25 million of quarterly OMA revenues are distributed according to the current statutory formula, with OMA revenues in excess of \$11.25 million per quarter transferred to the newly established Drug Treatment and Recovery Services Fund.

The 2021-23 revenue forecast for the Oregon Marijuana Account totals \$339.4 million. This amount is equal to the amount in the May 2021 revenue forecast from the DAS Office of Economic Analysis. Based on this forecast, the Department of Revenue will distribute \$18 million to cities and counties. The remaining \$321.4 million is allocated as directed under statute:

- \$249.4 million to the Drug Treatment and Recovery Services Fund
- \$36 million to the State School Fund
- \$18 million to the Mental Health Alcoholism and Drug Services Account
- \$13.5 million to the State Police Account
- \$4.5 million to alcohol and drug abuse prevention, early intervention and treatment services

However, as actual revenues may vary, the associated distributions may also vary – in some cases requiring related expenditure limitation and allocation adjustments.
