<b>Total General Fund</b>	<b>\$918,750</b>	<b>\$0</b>

**Analysis:**

HB 2345 provides a onetime appropriation of \$918,750 General Fund to the Oregon Business Development Department (OBDD) and establishes the Oregon Rural Capacity Fund for the Department to provide resources to Oregon's Economic Development Districts to assist rural jurisdictions to learn about, apply for, and administer grants from public and private sources. The measure requires rural jurisdictions to use resources solely for staffing and building capacity necessary for workforce, infrastructure, economic, and community development. The measure requires districts to file quarterly reports with OBDD about assistance given to rural jurisdictions.

The measure directs OBDD to develop a policy for this assistance program and to determine the amount of moneys for distribution to districts. By September 15th of each year, OBDD is required to submit an annual report about the assistance program to an interim committee of the Legislative Assembly related to economic development. OBDD must operationalize this assistance program by January 1, 2022. The measure authorizes OBDD to retain 5% of moneys credited to the Oregon Rural Capacity Fund to pay administrative and operational expenses. While the establishment of an additional position in the upcoming biennium may not be warranted for this program alone, the workload may consume up to 0.25 FTE of existing staff. Additional, compounding workload due to other legislation in addition to this measure may require increased staffing capacity.

The Legislative Fiscal Office (LFO) notes that although the measure creates a new ongoing program and establishes a new Fund that is continuously appropriated to OBDD, the measure provides a onetime appropriation for the 2019-21 biennium. LFO assumes that funding for this program for 2021-23 and future biennium will be addressed through the biennial budgeting process for the agency.

Passage of this measure is anticipated to have minimal impact on the League of Oregon Cities, the Association of Oregon Counties, the Oregon School Boards Association, and the Special Districts Association of Oregon. The measure requires OBDD to consult these entities in the implementation of the provisions of this measure. These entities will use existing staff and resources to collaborate with OBDD.
