BACKGROUND:

In 2009, the legislature passed House Bill 2116, establishing the Health Care for All Oregon Children (Healthy Kids) program that made coverage available to children and adolescents (0-18) whose family earns up to 300 percent of the federal poverty level (FPL). Passed in 2017, Senate Bill 558 (Cover All Kids) extended OHP to all children residing in Oregon below 300 percent of FPL, regardless of immigration status. The measure also allocated funding to provide targeted, community-based outreach to assist with implementation through OHA's Community Partner Outreach Program (CPOP). According to OHA, at the end of the 2017-19 biennium, approximately 5,900 children had enrolled in OHP-Cover All Kids (2019).

House Bill 2164 A expands Medicaid coverage to all adult residents 26 years or younger and their parents regardless of immigration status.
