### SUMMARY

Prohibits public or private post-secondary institution of education from requiring prospective student to disclose whether prospective student has criminal conviction before institution makes final determination on whether to admit student.

Requires materials or websites created by institution that are routinely used by prospective students when deciding whether to apply for admission to include notification to prospective students if institution determined that particular course, apprenticeship, program, major or degree pathway is likely to lead to professional licensure requirements that may exclude individuals with criminal convictions.

Exempts from requirements any course, apprenticeship, program, major or degree pathway at institution where applicants apply via direct entry and institution has determined that individuals with criminal backgrounds are likely to encounter barriers to licensure or practicum placements. Requires that any course, apprenticeship, program, major or degree pathway that uses exemption to deny admission to applicant based on prior criminal conviction must notify applicant and allow applicant to appeal decision under formal process established by institution.

Declares emergency, effective on passage.
