Summary of Revenue Changes

The General Fund appropriations made in the bill are within resources available as projected in the May 2021 economic and revenue forecast by the Department of Administrative Services (DAS), Office of Economic Analysis, plus other actions to adjust state agency expenditures. Federal Funds revenues include American Rescue Plan Act (ARPA) Coronavirus State Fiscal Recovery and Capital Projects Funds allocations of \$2.6 billion and \$155.2 million, respectively, as well as other direct ongoing federal funding streams and allocations for specific purposes, some of which are also related to the effects of the pandemic.

Summary of Capital Construction Subcommittee Action

HB 5006 appropriates General Fund to the Emergency Board for general purpose and targeted special purpose appropriations and makes other adjustments to agency budgets and position authority as described in the subsequent narrative.

Emergency Board

The Emergency Board allocates General Fund from the Emergency Fund, along with providing Lottery Funds, Other Funds, and Federal Funds expenditure limitation to state agencies for unanticipated needs in approved agency budgets when the Legislature is not in session. The Subcommittee appropriated \$50 million General Fund to the Emergency Board for general purposes.

The Subcommittee established a reservation within the general purpose Emergency Fund of \$650,000 for the Secretary of State for potential voter's pamphlet costs in excess of funding provided in the agency's adopted budget. The Secretary of State may request allocation of the reservation from the Emergency Board if the actual costs of producing the voter's pamphlet are in excess of funding provided in the agency's 2021-23 legislatively adopted budget.

HB 5006 makes ten special purpose appropriations for the Emergency Board, totaling \$499.6 million General Fund. Agencies must make a request to the Emergency Board to access these funds. The ten special purpose appropriations are:

- \$198 million General Fund for state employee compensation changes.
- \$20 million General Fund for allocation to state agencies for compensation changes driven by collective bargaining for workers who are not state employees.
- \$2.5 million General Fund for allocation to the Oregon Judicial Department for the implementation of pretrial release modifications authorized under SB 48 (2021).
- \$150 million General Fund for allocation for the state's natural disaster prevention, preparedness, response, and recovery activities.

- \$10 million General Fund for allocation to the Criminal Justice Commission to support a Transforming Justice Initiative to advance promising practices for reshaping Oregon’s public safety system.
- \$5,130,265 General Fund for allocation to the Department of Education and the proposed Department of Early Learning and Care for the establishment of a new agency.
- \$19 million General Fund for allocation to the Oregon Health Authority for dental rates for medical assistance programs.
- \$55 million for allocation to the Oregon Health Authority or the Department of Human Services for caseload costs or other budget challenges that the agencies are unable to mitigate.
- \$30 million General Fund for allocation to the Oregon Health Authority for the Oregon Essential Workforce Health Care Program established by SB 800 (2021).
- \$10 million General Fund for allocation to state agencies for family treatment court programs.

Regarding family treatment courts, while related legislation was not passed during the 2021 legislative session, the Legislature would still like to see the development of a statewide coordinated program. In addition to approving the special purpose appropriation, the Subcommittee recommended the following budget note:

BUDGET NOTE

On or before February 1, 2022, the Oregon Judicial Department, Public Defense Services Commission, Department of Justice, Department of Human Services, Criminal Justice Commission, and the Housing and Community Services Department are requested to report jointly to the Legislature on the criteria and need for the establishment of a statewide Family Treatment Court program, and possible alternative programs to achieve the objectives of a Family Treatment Court Program. The report is to be submitted to the House and Senate Committees on Judiciary and the Joint Committee on Ways and Means.

The report is to include the following:

- (1) A proposed statewide, integrated structure and organizational principles for a Family Treatment Court program based on national best practices adapted for Oregon, including:
 - a. a delineation of the eligibility and exclusion criteria indicating which families can be served safely and effectively in the Family Treatment Court ensuring equity and inclusion;
 - b. a proposed method to encourage voluntary participation by families balanced with necessary monitoring of participant progress and compliance with the program; and
 - c. the array of services, treatment, programs, and providers necessary to address the complex challenges affecting families. Such services might include but are not limited to interdisciplinary legal representation

teams, and behavioral and mental health, substance abuse, domestic violence, housing, parenting, educational, and medical services.

- (2) A least-cost implementation model based on existing legislative funding for:
 - a. Family Treatment programs in circuit courts;
 - b. Child advocacy legal representation provided by the Department of Justice to the Department of Human Services;
 - c. Public defense for both juvenile representation as well as the Parent Child Representation Program;
 - d. The provision of services to families in child welfare cases by the Department of Human Services;
 - e. Behavioral, mental health, and substance use disorder treatment; and
 - f. Transitional and permanent housing services.
- (3) Identification of three least-cost implementation counties that could serve as pilot locations for a Family Treatment Court Program, including a cost estimate for the aforementioned types of services in the pilot counties.
- (4) An evidence-based method for monitoring progress and outcomes, and an evaluation of the program.

Receipt of the report is a precondition for the release of the special purpose appropriation established by HB 5006 for the expansion of Family Treatment Courts.

If these special purpose appropriations are not allocated by the Emergency Board before December 1, 2022, any remaining funds become available to the Emergency Board for general purposes.

Adjustments to Approved 2021-23 Agency Budgets

STATEWIDE ADJUSTMENTS

Statewide adjustments reflect budget changes in multiple agencies based on reductions in Department of Administrative Services' assessments and charges for services and Attorney General rates. Statewide adjustments also reflect net reductions to debt service realized through interest rate savings on bond sales, refundings, unissued lottery bonds, and Other Funds balances and interest earnings that can be applied to debt service. Total savings are \$98.2 million General Fund, \$47.4 million Lottery Funds, \$43.4 million Other Funds, and \$18.5 million Federal Funds.

Specific reductions include \$115.8 million total funds from lower Department of Administrative Services' assessments and service rates; \$14.2 million total funds from lower Attorney General rates; and \$77.5 million total funds from debt service interest rate savings and refunding of outstanding bonds.

Section 299 of the budget bill reflects the changes, as described above, for each agency. These adjustments are included in the table at the beginning of the budget report but are not addressed in the individual agency narratives. Additionally, new Other Funds debt service expenditure limitations for multiple agencies are established to accommodate the use of fund balances for debt repayment.

Oregon Advocacy Commissions Office

The Subcommittee approved an appropriation of \$228,372 General Fund for the Oregon Advocacy Commissions Office to hire one permanent, full-time Public Affairs Specialist 2 to engage with constituent communities.

Oregon Liquor Control Commission

To finance construction of a new liquor distribution center and headquarters facility, the Subcommittee approved the cost of bond issuance and 2021-23 debt service for the Oregon Liquor Control Commission (OLCC) as follows:

- For purchase of land and warehouse construction, \$632,735 Other Funds expenditure limitation for cost of issuance and \$3.4 million Other Funds expenditure limitation for debt service.
- For information technology systems for licensing, enforcement, and distribution center sales and inventory management, \$390,000 Other Funds expenditure limitation for cost of issuance, and \$3.2 million Other Funds expenditure limitation for debt service.
- For an order fulfillment and conveyor system, \$175,000 Other Funds expenditure limitation for cost of issuance and \$896,730 Other Funds expenditure limitation for debt service.

The cost of the new facilities is estimated to total \$89.5 million. Bond authorization is provided in SB 5505 for the acquisition of property and construction of a new liquor distribution center and headquarters facility (\$52.5 million); a new distribution center sales and inventory management information technology system (\$27 million); and a conveyor and order fulfillment system for the new facility (\$10 million). Expenditure limitation for the land and construction and the conveyor system is included in SB 5506, the Capital Construction bill.

OLCC has been working with the Capitol Projects Advisory Board and the Department of Administrative Services on due diligence related to facility replacement and property acquisition. A market evaluation is scheduled to occur in the autumn of 2021, final site selection is projected to occur in April of 2022, and construction is anticipated to be completed in 2024.

The Subcommittee provided the following instruction to OLCC:

BUDGET NOTE

Prior to disposition of its existing properties adjacent to McLoughlin Boulevard in Milwaukie, the Oregon Liquor Control Commission is directed to report to the Joint Committee on Ways and Means on plans for the sale and disposition of its existing distribution center, office headquarters, and Milport Road warehouse. The report shall include information on the zoning of the properties, submitted offers, real estate fees and commissions paid to contractors and real estate professionals engaged, conditions of sale, and listing price of the properties. In addition, the OLCC shall report on the new warehouse and headquarters location, purchase price, construction and relocation schedule; its interim operations plan including new leases and estimated costs; an overview of measures the agency will take to minimize disruption to licensees, contract liquor agents, and other stakeholders; and a summary of efforts to secure financial systems and data during the transition.

Public Employees Retirement System

The Subcommittee approved \$16,792,238 Lottery Funds expenditure limitation for the Employer Incentive Fund to be used for a 25% state match program for employer side accounts, which are pre-paid employer contributions held in trust for the payment of employer contributions.

Department of Revenue

A General Fund appropriation of \$292,002 was approved for the Department of Revenue to support one full-time Operations and Policy Analyst 4 position (1.00 FTE) in the Administration Division. The position will lead initiatives to improve the efficiency and effectiveness in the management of resources, lead analyses of systems and processes, and work with agency management to develop business cases and policy option packages.

A one-time General Fund appropriation of \$23.2 million was approved for the Department to make grants to counties for the reimbursement of lost tax revenue related to the 2020 wildfires. Distribution of these funds will be limited to counties included in Executive Order 20-60 that were impacted by the 2020 wildfires and that can demonstrate losses due to the September 2020 wildfires in property tax years beginning on or after July 1, 2020. For 2020-21, the following estimated amounts of lost tax revenues will be provided to the following counties:

- Lincoln: \$208,178
- Marion: \$715,634
- Clackamas: \$116,831
- Lane: \$579,208
- Linn: \$72,226
- Douglas: \$65,060
- Jackson: \$2,829,073

- Klamath: \$228,162

Prior to disbursement of funds by the Department, each county must apply by December 1, 2021, and annually thereafter. Applications must include a copy of a county ordinance or resolution authorizing the request and a sworn statement that the amount represents estimated revenue lost in that property tax year due to the September 2020 wildfires. The Department will review applications and distribute funds as requested by December 31st and each year thereafter. The Department is authorized to establish rules for the purposes of these distributions.

Other Funds expenditure limitation was increased by \$4,245,000 for expenditure of Article XI-Q Bond proceeds on the Electronic Valuation Information System (ELVIS) project authorized in SB 5506. The objective of this project is to modernize the various outdated appraisal systems and associated manual processes used by the valuation section. One Information Systems Specialist 7 (0.88 FTE) and one Information Systems Specialist 8 (0.88 FTE) are provided to support the system. The Department's General Fund appropriation for debt service and related costs was increased by \$672,270 for debt service for the 2021-23 biennium. Debt service is estimated to be \$1,349,060 for the 2023-25 biennium.

To address the Department's cost of implementing SB 139 relating to taxation, \$161,387 General Fund was approved for one permanent, part-time Tax Auditor 2 position (0.50 FTE) to answer questions from businesses and personal income taxpayers and assist with written objections related to the tax rate changes.

To address the Department's cost of implementing SB 727 relating to taxation, \$438,569 General Fund was approved for three positions (2.00 FTE). One permanent, full-time Tax Auditor 2 (1.00 FTE) was approved to assist with the implementation of the Business Alternative Income Tax (BAIT) and to answer technical questions. One permanent, part-time Data Entry Operator (0.50) was approved to key additional schedules and fields on paper returns into Quick Modules for processing into GenTax. One permanent, part-time Operations and Policy Analyst 3 (0.50 FTE) was approved for GenTax testing and business entity analysis.

To address the Department's cost of implementing HB 2433 relating to taxation, \$397,011 General Fund was approved for five positions (2.50 FTE). One permanent Administrative Specialist 2 position (0.50 FTE) was approved to provide clerical support, and four permanent seasonal Public Service Representative 3 positions (2.00 FTE) were approved to process Individual Taxpayer Identification Number filers.

Secretary of State

The Subcommittee approved a total of \$2,474,287 General Fund and one limited duration Program Analyst 4 position (1.00 FTE) for the Elections Division. Of the total, \$2 million was added for grants to counties to address county elections offices equipment and technology needs. This includes, but is not limited to, updating voting machines, purchasing new processing equipment (ballot sorters, tabulator upgrades, postmark scanners, keyed locks, and equipment for implemented upgrades), video surveillance upgrades, ballot drop boxes, and software needed for implementation of risk limiting audits. In addition, \$120,000 General Fund was added for GIS interface updates needed to implement

a redistricting plan. The limited duration position is supported with \$354,287 General Fund and will assist with distributing resources to counties and addressing local county clerk redistricting needs.

Oregon State Library

An increase in Federal Funds expenditure limitation of \$2,924,165 was approved for the State Library for the expenditure of American Rescue Plan Act (ARPA) funds for five focal project areas. These areas include connectivity; digital equity and inclusion; equity, diversity, inclusion, and antiracism; needs arising from the pandemic; and workforce development. These focal areas apply to the State Library's direct spending as well as subgrants provided to museums, tribes, and other entities. One Administrative Specialist position (1.00 FTE), supported with Federal Funds, is provided to help with the disbursement of ARPA funds.

Oregon State Treasury

Nonlimited authority for the Trust Property programs was modified to include charges for investment-related transactions.

CONSUMER AND BUSINESS SERVICES

Bureau of Labor and Industries

A General Fund appropriation of \$2,310,459 was approved for the agency's role in the Fair Housing Enforcement Statewide Investment collaborative partnership between the Fair Housing Council of Oregon (FHCO), the Bureau of Labor and Industries (BOLI), the Department of Justice (DOJ), and other housing partners. This funding supports one Program Manager (1.00 FTE); Six Civil Rights Investigators (6.00 FTE) to support housing discrimination investigation in four priority regions; and one Training and Development Specialist (1.00 FTE) to provide statewide fair housing education and outreach.

Consumer and Business Services

The Subcommittee approved the transfer of the Senior Health Insurance Benefits Assistance (SHIBA) program from the Department of Consumer and Business Services (DCBS) to the Department of Human Services (DHS). The intent of this transfer is to consolidate all the SHIBA funding and programs in DHS since that agency already has two of the three SHIBA-related federal grants. This transfer requires a \$1,813,619 Federal Funds expenditure limitation reduction to DCBS' budget and a reduction of two Program Analyst 2 positions (2.00 FTE) and two Public Service Representative 4 positions (2.00 FTE).

A technical adjustment was approved to accurately reflect the number of positions needed to support the new behavioral health treatment oversight requirements established in HB 3046 (2021). This adjustment adds one position to the three that are already approved.

A General Fund appropriation of \$10,678,004 was approved as part of the Wildfire Recovery Initiative. This funding is for a new grant program to incentivize residential and commercial fire hardening for rebuilding and repairing dwellings and other structures that were destroyed or damaged in the 2020 wildfires. Administration for the new grant program is capped at \$678,004. One Principal Executive Manager E (1.00 FTE) is also approved for the program.

The Subcommittee approved the transfer of the Compact of Free Association (COFA) Premium Assistance Program and health insurance exchange from the DCBS to the Oregon Health Authority (OHA) as described in SB 65 (2021). This transfer requires DCBS to reduce its Other Funds expenditure limitation by \$14,870,281 and eliminate 18 positions (18.00 FTE).

Mental Health Regulatory Agency

The Mental Health Regulatory Agency provides administrative and regulatory oversight to two licensing boards that oversee mental health professions in the state, the Board of Psychology and the Board of Licensed Professional Counselors and Therapists. Due to legislative interest in gaining a better understanding of licensee demographics and increasing diversity of the mental health workforce, the Subcommittee approved \$300,000 General Fund and the following budget note:

BUDGET NOTE

The Mental Health Regulatory Agency shall engage a third party consultant to study the demographics of those individuals licensed by the boards and devise a plan to increase licensee diversity, including an examination of the boards' application processes, investigation of complaints and allegations related to application disclosures, and the boards' consideration of applicant character and fitness. A written report on the study and plan must be provided to the appropriate legislative policy committee(s) no later than December 31, 2022. The agency must also present this information to a subcommittee of the Joint Committee on Ways and Means during the 2023 legislative session.

The Subcommittee approved an increase of \$15 million Other Funds expenditure limitation for the Infrastructure Division to provide grants for levee projects from the net proceeds of Lottery Bonds authorized to be issued and deposited in the fund during the upcoming biennium.

Additionally, the Subcommittee approved adjustments to the agency's Nonlimited Other Funds budgeted expenditures that produced a net increase of \$90 million. Increases were made for net Lottery bond proceeds of \$50 million to be deposited in the Special Public Works Fund from authorized bond issues in the upcoming 2021-23 biennium. Another \$50 million General Fund was appropriated for deposit in the Special Public

Works Fund, and \$10 million of net proceeds of Lottery Bonds was approved for deposit in the Brownfields Redevelopment Fund. These increases are offset by a reduction of \$20 million Nonlimited Other Funds that had been provided in the agency's budget bill (HB 5023) in error.

The \$50 million General Fund deposited in the Special Public Works Fund provides loans and grants for publicly owned facilities that support economic and community development in Oregon. Funds are available to public entities for planning, designing, purchasing, improving, and constructing publicly-owned facilities.

An increase of \$20 million Other Funds expenditure limitation was approved for the Infrastructure Division to grant funding to the City of Salem for a drinking water system project. The expenditure is supported by bond proceeds.

Other Funds expenditure limitation was increased by \$50 million for the Business Innovation and Trade Division to provide grants to local independent movie theaters and entities in Oregon's live events industry to support their recovery from business closures due to the pandemic. Approximately \$5 million is intended for distribution to small and community movie theaters. Remaining funds are to be distributed to support the live events industry, including live event operators, music, cultural and community venues, and other entities supporting live events. Grants made to organizations for subsequent distribution to individual entities are eligible for administrative costs related to the distribution of funding. All qualifying entities are required to self-certify as to the need being directly related to the COVID-19 pandemic.

The Subcommittee approved \$25 million General Fund to support flexible grants to public and/or private entities for projects targeted at facilitating private investment in Oregon, with a focus on leading or emerging business sectors. The funding is intended to complement efforts under other OBDD programs or funds. Examples of potential uses include public infrastructure such as rail, road, docks, terminal, or airport improvements; power infrastructure; natural resources/wetland mitigation; and other projects enabling investment and long-term public return and benefit. Private sector projects might involve areas such as manufacturing, emerging energy, environmental, supply chain, and feedstock development.

The Department will need to set up the program and create rules prior to awarding grants. If statutory language or further legislative direction is needed to implement the program, OBDD will work with the Legislature to obtain these; depending on requirements, this may mean program initiation may be delayed until the latter half of the biennium.

The Subcommittee approved increases in Other Funds expenditure limitation totaling \$9,149,378 for the Department's Arts and Cultural Trust to distribute grants funded by the issuance of Lottery Bonds for cultural facilities as follows:

- \$750,000 for the Maxville Heritage Interpretive Center - Preservation of Maxville Townsite

Increases in Other Funds expenditure limitation of \$1,254,312 for the Infrastructure Division and \$361,350 for the Arts and Cultural Trust were approved by the Subcommittee for payment of costs associated with the issuance of Lottery Bonds. Also approved was an increase of \$6,905,674 Lottery Funds expenditure limitation for the Infrastructure Division to pay debt service on Lottery Bonds.

Other Funds expenditure limitation of \$120 million was established for the Department's Operations Division for expenditure of American Rescue Plan Act (ARPA) Capital Projects Funds received by the Oregon Department of Administrative Services and transferred to the Department for deposit in the Broadband Fund. Monies in the fund can be used to provide grants or loans through the Oregon Broadband Office and for the administrative costs of the office. Eligible uses of the grants and loans include projects for the planning and development of broadband service infrastructure, digital literacy, digital inclusion, and digital adoption.

The Subcommittee approved budget adjustments to allow the Department to expand staffing capacity. These adjustments include: Lottery Fund expenditure limitation increases of \$1,387,837 for the Operations Division and \$480,743 for the Business Innovation and Trade Division. General Fund is increased by \$85,845 for the Business Innovation and Trade Division and \$219,660 for the Infrastructure Division. Other Funds expenditure limitation is increased by \$272,000 for the Operations Division, \$461,286 for the Business Innovation and Trade Division, and \$219,660 for the Infrastructure Division. For the Operations Division, the establishment of 8 positions (8.00 FTE) are authorized including a human resources analyst, an accounting technician, two procurement and contract specialists, two information technology specialists, and two public affairs specialists. For the Business Innovation and Trade Division, the establishment of 5 positions (5.00 FTE) are authorized that include three regional project managers, a loan specialist, and a program analyst. The Subcommittee approved an increase in Lottery Funds expenditure limitation for the Film and Video Office of \$112,500 for program enhancements. The Film and Video office will use \$60,000 of the funding for workforce development and paid placement programs; \$22,000 for

regional festival and event sponsorship support; \$3,500 for travel and accommodation costs; \$23,000 for special events, a residency program, and regional office support; and \$4,000 for business recruitment.

Increased Lottery Fund expenditure limitation of \$1.6 million was approved for the Infrastructure Division to provide a grant to the Port of Port Orford for the Seafood Hub Redevelopment Project. The project centers on the creation of a seawater system that would allow the Port to provide sustainable operational support to the fishing fleet, facilities for on-site marine research, and ocean-related recreational opportunities. Additional funding to support the total project cost of \$7,657,020 includes \$5,275,020 from the U.S. Economic Development Administration and \$800,000 in local funds.

Interest earnings on general obligation bond proceeds produced \$5,800 that is available to offset General Fund for debt service. The subcommittee approved the establishment of an Other Funds expenditure limitation of \$5,800 for the use of these interest earnings on debt repayment.

The Subcommittee approved an increase of \$500,000 Other Funds expenditure limitation for the Business Innovation and Trade Division to make grants from the Oregon Rural Capacity Fund established in HB 2345 (2021). The fund is for making grants to Economic Development Districts to assist rural jurisdictions in learning about, applying for, and managing grants and other funding opportunities that can be used to support workforce, infrastructure, economic development, and community development.

Expenditure limitation of \$10 million Other Funds was approved for the Business Innovation and Trade Division to make grants from the Disadvantaged and Emerging Small Business Loan Fund established in HB 2266 (2021), in conjunction with the establishment of a direct loan program for making loans to eligible business that have been certified by the Certification Office for Business Inclusion and Diversity and have been referred to the department by a technical assistance provider.

The Subcommittee approved an increase in expenditure limitation of \$10 million Lottery Funds for the Business Innovation and Trade Division to provide a grant to Oregon21, LLC for the direct costs of the World Track and Field Championship.

Employment Department

Other Funds expenditure limitation is increased by \$872,278 to accommodate administrative expenses of the Employment Department related to carrying out the provisions of SB 172 (2021) which limits the window in which non-fraudulent overpayments can be recovered from a claimant to five years and creates the ability for certain overpayments to be waived. Notification procedures and changes to automated systems require support for 10 limited duration Revenue Agent 1 positions (5.00 FTE) in the 2021-23 biennium associated with this work. Personal services costs are \$647,578 and services and supplies costs are \$180,000.

Housing and Community Services Department

The Subcommittee approved \$30 million General Fund on a one-time basis for the Housing and Community Services Department (HCSD) to compensate landlords for 100% of missed rental payments for applications submitted to the Landlord Compensation Fund for rent owed between April 1, 2020 and the date of the landlord's application through June 30, 2021, subject to availability of funds. These funds can also be used to complete compensation payments for applications approved prior to passage of SB 278. Any amount remaining unallocated upon closure of the application portal and disbursement of funds is not intended to be carried forward into future biennia.

An additional \$5 million General Fund is appropriated to the Department on a one-time basis for a grant to Home Forward to make distributions to landlords who delayed termination notices or eviction proceedings pursuant to section 9 of SB 278 (2021). Landlords can apply for this compensation if they can demonstrate that they waited at least 60 days to receive rent payments from a tenant who was denied rental assistance. Home Forward is responsible for primary program design, with HCSD providing application verification information. Up to 10% of the appropriation can be used by Home Forward for administrative costs or those of its subcontractors; separate accounting and reporting mechanisms are to be maintained for this program.

A one-time General Fund appropriation of \$2 million was approved for the Department to make a grant to SquareOne Villages for a shared equity affordable homeownership pilot project. Upon awarding the grant, the Oregon Housing Stability Council may request information from SquareOne Villages regarding description of the project, number of units, characteristics of housing built and populations served, other financing partners, and evaluation of outcomes.

Proceeds from the sale of \$410 million in Article XI-Q bonds will be used by the Department to develop affordable housing units and supportive housing units for Oregonians who have experienced chronic homelessness. The LIFT program produces approximately 750 units of affordable housing for every \$100 million in funding. Of the total amount of bond proceeds, \$60 million is intended to fund applications submitted in the 2019-21 biennium that would have been successful candidates for project funding but for the fact that available funding was insufficient to meet demand. An estimated \$50 million in bond proceeds will be directed toward construction of approximately 350 units of housing with supportive services for very low-income Oregonians who require tenancy services and rental assistance to remain stably housed. General Fund of \$1.6 million is included for supportive services and rental assistance payments associated with those units, based on the timing of bond issuance and units ready for occupancy in the 2021-23 biennium. Supportive services and rental assistance on these units is anticipated to cost \$15.5 million General Fund in the 2023-25 biennium; coupled with service and rent assistance for units constructed with bonds authorized in 2019-21 biennium, the total "service dollars" costs are expected to reach \$28.7 million in 2023-25. Expenditure limitation for cost of bond issuance in 2021-23 was approved in the amount of \$3,490,000 Other Funds, General Fund debt service was increased by \$21.4 million, and administrative costs to develop the units total \$2,037,700 Other Funds expenditure limitation. Eleven positions (10.25 FTE) are needed for accounting, compliance, underwriting, and reporting.

To capitalize revolving loans that can be used by developers of low-income housing to purchase land or naturally-occurring affordable housing, the Subcommittee approved \$30 million General Fund on a one-time basis. The Department will use this revolving loan fund to support the long-term affordable rental housing needs of Oregonians who have been historically rent-burdened or underrepresented in home ownership. A portion of these loan funds are intended to be awarded to applicants who have demonstrated experience or expertise in serving these communities.

To preserve an estimated 1,600 units of existing affordable housing, the Subcommittee approved \$100 million General Fund. This funding can be used for publicly supported affordable housing, properties with federal project-based rental assistance contracts, rent subsidies, manufactured dwelling parks, and properties undergoing recapitalization.

The Subcommittee approved \$3 million General Fund on a one-time basis to provide a grant to a not for profit organization to develop or improve infrastructure for a manufactured dwelling park in Springfield Oregon. The Department will require the organization receiving the grant to provide a report to the agency that includes information on accounting and the use of grant money, identification of other funding to support the project, and resources provided to park residents.

General Fund of \$225,953 was approved for the Department to study and make legislative recommendations on the incorporation of a Regional Housing Needs Analysis into state and local planning programs. The funds will support a position (1.00 FTE) to conduct stakeholder outreach and engagement and data improvement, with the goal of developing a legislative proposal for incorporation of a regional housing needs analysis into future state and local planning processes.

BUDGET NOTE

The Housing and Community Services Department is directed to work with the Department of Land Conservation and Development to provide an initial legislative report no later than February 1, 2022 and a final legislative report no later than December 31, 2022 on efforts to develop a legislative proposal for incorporation of a regional housing needs analysis into future state and local planning processes.

The Subcommittee approved Other Funds expenditure limitation of \$4.5 million for rental assistance payments associated with a long-term rental assistance program established in HB 2163 (2021). The program is for rental assistance payments to individuals age 25 and younger who are or have recently been homeless, in substitute care, incarcerated, or in a facility for mental health or dependency treatment. One Operations and Policy Analyst position (1.00 FTE) is authorized to develop and manage the program. General Fund to support the program was included in HB 2163 on a one-time basis.

For wildfire recovery efforts, the Subcommittee approved \$100.4 million General Fund for construction, rebuilding, and financing initiatives for wildfire survivors. Two positions (1.76 FTE) were authorized to support these initiatives. Other Funds expenditure limitation of \$50.8 million

(including \$780,071 for cost of bond issuance) will allow the Department to acquire land for rebuilding efforts, as well as to provide interim housing for those displaced by wildfires. Debt service on these bonds is \$2.2 million Lottery Funds for the 2021-23 biennium.

Department of Veterans' Affairs

Other Funds expenditure limitation of \$6,113,208 was established for distribution of Lottery bond proceeds for the veterans' affordable housing project, including \$113,208 for bond issuance costs. Lottery Funds debt service of \$499,184 was established for the 2021-23 biennium and is estimated to be \$993,687 in the 2023-25 biennium.

The Subcommittee approved \$175,000 Lottery Funds expenditure limitation on a one-time basis for the Veteran Educational Bridge Grant Program. These grants are designed to provide some support to student veterans that find themselves unable to complete their academic programs on time due to the unavailability of a required class.

EDUCATION

State School Fund

The Subcommittee approved a reduction of \$27,849,006 General Fund, an increase of \$219,059,876 Lottery Funds, and an increase of \$8,789,130 Other Funds from the Fund for Student Success for the State School Fund. This change reflects the final balance of use of available Lottery Funds across the entire state budget as well as the most recent forecast of the Fund for Student Success related revenues. This assumes no transfer of Education Stability Fund resources to the State School Fund and brings the total funds State School Fund amount to \$9.3 billion.

Oregon Department of Education

The Subcommittee approved \$125 million Other Funds expenditure limitation for the Oregon School Capital Improvement Matching program (OSCIM). The proceeds of the sale of Article XI-P general obligation bonds authorized in SB 5505 are used for grants to school districts which match the grant with proceeds of locally issued bonds for the construction and improvement of school district buildings and property.

The Subcommittee approved \$17.5 million Other Funds expenditure limitation for Lottery Bond proceeds authorized in SB 5534 for deposit into the Connecting Oregon School Fund (COSF) for expanding Internet connectivity in schools and maximizing the use of available federal resources. The agency will use COSF to provide state grants to districts that are successful in applying for federal E-rate funding from the Universal Service Administrative Company (USAC) for special construction projects. These projects will provide new or improved existing internet connectivity for schools in which the federal E-Rate funding would typically provide between 60-80% of project costs. ODE will provide state grants for up to 10% of project costs which will leverage an additional matching federal contribution, which may enable sufficient funding to pay for the entire cost of the project. Projects in which federal and state resources do not fully fund a project will be the responsibility of the district to provide through

other resources. State funding will be allocated through a formula that prioritizes schools based on income levels; rural and remote areas of the state; and the current type of internet connectivity and download speeds. ODE estimates these funds will leverage up to an additional \$70.8 million in resources for 40 to 60 projects that focus on improving both schools and district-wide area network connectivity.

Three capital projects were approved for the Oregon School for the Deaf to be financed with Article XI-Q bonds. There is a total of \$666,308 General Fund designated for debt service on these bonds during 2021-23. The projects are for remodeling restrooms to bring them to ADA standards, fire alarm system replacement, and upgrades of windows.

A total of \$1,459,142 Other Funds expenditure limitation was approved for the cost of issuance of general obligation (SB 5505) and Lottery bonds (SB 5534). These include the costs for bonds issued for the Oregon School Capital Improvement Matching program (Article XI-P bonds), projects for the Oregon School for the Deaf (Article XI-Q bonds) and for Broadband Connecting Oregon Schools grants (Lottery bonds). An Other Funds debt service expenditure limitation was established for \$330 to use Other Funds savings to offset the need for General Fund to pay for debt service on outstanding general obligation bonds.

A one-time \$500,000 General Fund appropriation was approved for a study of the impacts of State School Fund spending and to determine if this spending pattern results in disparities between students who are black, indigenous or people of color (BIPOC) and those who are not BIPOC students. The Oregon Department of Education will award a contract to an experienced researcher who has done research on exploring and modeling education finance policy and practice including research on the effects of fiscal policies and implications on resources at the school and classroom levels. The researcher awarded the contract should have completed at least one multi-year study of weighted student funding. The Department is to provide support and data for the researcher(s). The Department should also appoint an advisory committee with representatives from various educational advocacy and community groups with experience working with historically underserved students. This committee is to review variations in school level spending across multiple types of expenditures across 25 school districts, and to review the proportion of diverse teachers and students. The Department is to submit a report with the results and findings of the study and advisory committee by December 15, 2022.

Funding and Other Funds expenditure limitation was approved for the provisions of HB 3073 (2021), which establishes the new Department of Early Learning and Care (DELIC), eliminates the existing Early Learning Division of the Oregon Department of Education, transfers the Employment Related Day Care (ERDC) program to the new DELIC effective July 1, 2023, and makes policy and eligibility changes to the ERDC program. In this bill, there is \$3.5 million General Fund appropriated to the Oregon Department of Education for 14 positions (12.92 FTE) hired before March 1, 2020 necessary to establish the new agency and develop its payment systems, accounting structures, Information Technology systems, employee hiring processes, and other activities. The funding for these positions is for the full 2021-23 biennium. A special purpose appropriation to the Emergency Board of \$5.1 million General Fund is included for the costs of staff hired after March 1, 2020 and other costs of the new agency. Finally, an Other Funds expenditure limitation increase of \$95 million is provided to the Department of Human Services for

ERDC costs including a new co-pay policy. These Other Funds for the ERDC program are resources transferred from the Early Learning Division/DELDC and include American Rescue Plan Act funding specifically for early learning and child care related spending.

SB 5513 (2021), the budget bill for the Oregon Department of Education, includes \$9 million General Fund for preschool program spending during the 2021 Summer months. This funding is part of the \$250 million Summer Learning initiative passed in HB 5042 earlier in the 2021 legislative session. The budget report for HB 5042 included specific allocations of \$6 million for the Preschool Promise, Oregon Prekindergarten, and Early Learning Equity Fund programs. Based on the applications for this funding, the Early Learning Division has determined that the allocations in the HB 5042 budget report will result in not all of the funding for the Oregon Prekindergarten and the Early Learning Equity Fund being spent and insufficient funding for the Preschool Promise program to meet the volume of applications. Given this situation, the Subcommittee instructed the Early Learning Division to adjust the allocations among the three programs to maximize the amount of funding awarded to providers.

Higher Education Coordinating Commission

After the passage of SB 5528 (2021), the budget bill for the Higher Education Coordinating Commission (HECC), it was discovered that the appropriations for Public University Statewide Programs and Statewide Public Services programs were mistakenly switched in the amendment. This measure includes a \$103,420,570 General Fund decrease in the Public University Statewide Programs appropriation (section 1(8) of SB 5528) and a corresponding increase in the appropriation for the Statewide Public Services (section 1(9) of SB 5528) to correct the error.

Other Funds expenditure limitation of \$5 million was approved for the Financial Management Information System, or FAMIS, project which is financed with the proceeds from the sale of Article XI-Q Bonds. The FAMIS project will replace out-of-date existing systems supporting the student financial aid programs of the Commission. Better student access to assistance, security issues, and the need for a more web-based system are just a few of the factors driving the need for this project. The project has approval for an early bond sale requiring debt service for 2021-23; the Subcommittee approved \$867,805 General Fund to pay that expense.

An additional bond financed project received approval for an early bond sale requiring debt service for 2021-23. This is the Oregon Manufacturing Innovation Center's Research and Development Center for Additive Manufacturing Innovation Phase II project. This project requires \$773,239 General Fund for debt service in 2021-23.

The Subcommittee approved Other Funds expenditure limitation of \$7,003,106 for the cost of issuance for bonds authorized in SB 5505 (Article XI-G, XI-Q, XI-F bonds) and in SB 5534 (Lottery Bonds) for public universities, community colleges, and for HECC. Other Funds expenditure limitation of \$530,575 was approved for debt service on general obligation bonds issued on behalf of community colleges. These Other Fund resources will offset General Fund in the same amount for payment of the debt service. Nonlimited Other Funds debt service is reduced by

\$10.3 million for savings generated from the refunding of Article XI-F bonds issued for the benefit of public universities and the Oregon Health and Science University.

The Subcommittee approved \$5 million General Fund for distribution to five programs or organizations that assist college-going individuals or those considering post-secondary education. Each of these programs will receive \$1 million in one-time funding:

- ASPIRE, which is a mentoring based program, will use the funds to expand the number of ASPIRE sites across the state and increase the size of the participation grants to expand their college and career preparation resources, transition activities, career training resources, and staff/volunteer training.
- College Possible is a program designed to reduce barriers to students in accessing post-secondary education, especially students from underserved backgrounds. This \$1 million grant will assist the organization to serve the 1,150 students currently in the program and will increase the number of students served by 25%. Several school districts have expressed interest in partnering with College Possible for programming and this will increase the ability to meet those requests.
- The Oregon TRIO Association (TRIO) promotes educational equity, access, and opportunity for underrepresented students. This funding will be used for three initiatives: (1) a study abroad/exchange scholarship program for low-income students; (2) a “Last Mile” scholarship fund targeted to post-secondary students who are at risk of having to drop out in their last year before graduation; and (3) to provide grant-writing training to organizations to increase the number of TRIO programs in targeted areas.
- Advancement via Individual Determination (AVID) is a program to prepare middle and high school students for success in four-year post-secondary institutions. Funding will be used for professional development for over 400 educators to assist their students, and to expand the AVID College Readiness System to an additional two to three rural school districts.
- Build EXITO, the National Institutes of Health’s Building Infrastructure leading to Diversity (BUILD) initiative in Oregon, is an undergraduate research training program for students. This funding will increase the organization’s recruitment efforts with partner community colleges in the metro area, provide sophomore research preparation for 400 students, and recruit professional research mentors at the Oregon Health & Science University and Portland State University.

SB 551 (2021) appropriated \$12.9 million General Fund for the costs of providing health care insurance for part-time faculty at community colleges and public universities. The General Fund appropriation was for deposit in the Part-Time Faculty Insurance Fund created in the measure. After review of SB 551, it was determined that Other Funds expenditure limitation was required to actually spend money out of this new fund; the Subcommittee approved an Other Funds expenditure limitation increase of \$12.9 million for HECC for this purpose.

SB 762 (2021) appropriated \$10 million General Fund to provide resources for the Oregon Conservation Corps program. The program is established to reduce the risk of wildfires, assist in the creation of fire-adapted communities, and engage youth and young adults in workforce training. The General Fund appropriation was to the Oregon Conservation Corps Fund created in SB 762. After review of that bill, it was

determined that Other Funds expenditure limitation is required to spend money out of this new fund. The Subcommittee approved an Other Funds expenditure limitation increase of \$10 million for the Higher Education Coordinating Commission for this purpose.

The Commission recently changed the Student Success and Completion funding model which is used to distribute the Public University Support Fund to the state's seven public universities. One outcome of that change was to remove two programs at Oregon State University (OSU) from the formula, the Veterinary Diagnostic Laboratory and the Facilities Maintenance resources for facilities at OSU that are used by the Experiment Station, the Extension Service, and the Forest Research Laboratory. When this action was taken, the amounts used in the 2021-23 budget were not adjusted for inflation. The Subcommittee recognized this need and increased the Public University Statewide Program budget by \$162,753 General Fund for the Veterinary Diagnostic Laboratory and the appropriation for Statewide Public Services by \$236,922 General Fund for the OSU facilities maintenance.

Two projects were approved for funding from the American Rescue Plan Act State Fiscal Recovery Funds. These funds will be transferred from the Department of Administrative Services to the agency to be spent as Other Funds and be distributed to the appropriate institution. The two projects are:

- A one-time grant of \$3.5 million to Southern Oregon University (SOU) to demolish Cascades Hall, a former dormitory that is currently being used primarily for storage and flex space. The Cascades Hall building is estimated to have a deferred maintenance backlog totaling \$12 million and demolition is more cost effective than renovation. SOU anticipates the removal of the facility will result in operations and maintenance savings due to the reduction in utility costs.
- A one-time grant of \$636,812 for Umpqua Community College (UCC) for land movement reparation for a large and dangerous slide and sink hole. Since UCC's property insurance does not cover land movement, the reparation would have left a large deficit in the college's finances. UCC will start the project as soon as funds become available.

The Subcommittee approved a number of projects that are part of the Public University Statewide Programs budget unit. These projects are:

- A total of \$5.5 million General Fund for a one-time distribution to Oregon Institute of Technology (OIT) for the Center of Excellence in Applied Computing and for expanding health-related clinical and laboratory facilities. OIT will use \$3 million to establish the new Center of Excellence and support the hardware, software, and related resources for the Center. Students will be trained in the new Center through targeted certificate and degree programming. The remaining \$2.5 million is for rural health initiatives starting in Southern Oregon. Programming will be in the areas of dental hygiene, applied behavior analysis, applied psychology, and the new doctoral program in physical therapy. Funds will be used for clinical and laboratory facilities.

- One-time funding of \$1 million General Fund is approved for distribution to Portland State University (PSU) for the Center for Women’s Leadership. This funding is to support the New Leadership Oregon Program and will be used for student scholarships and activities to formalize a sustainable and expanded long-term future for the Center.
- In the 2019-21 budget for Public University Statewide Programs, the funding for the Dispute Resolution program was reduced. A \$349,000 General Fund increase will restore this reduction, bringing the total funding for the Dispute Resolution program to \$2,921,696 General Fund.
- One-time funding of \$427,083 General Fund was approved for distribution to Oregon State University (OSU) for a study to: (a) identify practical techniques for painting wind energy facilities that are scientifically shown to increase the visibility of the facilities to birds and prevent avian deaths; (b) evaluate the suitability of the techniques identified for use at wind energy facilities in the state; and (c) evaluate the feasibility of implementing the techniques in a manner that complies with any applicable requirements of the Federal Aviation Administration. OSU should consult with the Oregon Department of Energy in undertaking this study. The study must also discuss the potential effects that the practical techniques identified may have on wildlife in this state other than birds. OSU shall report the study’s findings to the interim committees of the Legislative Assembly related to agriculture and natural resources.

The Subcommittee approved projects that are part of the Statewide Public Services budget unit. These projects are:

- A one-time grant of \$150,000 General Fund for the Berry Research Initiative program located at the North Willamette Regional Extension Center. This program does research on cost-effective agricultural planting, growing, and harvesting. The funding will enable the program to assist strawberry growers with focus on invigorating the fresh-market industry for sustainability-minded growers. The funding will also enable four students to be mentored and contribute to research projects under the program.
- General Fund in the amount of \$2,680,000 for a one-time distribution to Oregon State University Wine Research Institute to increase its capacity to test more wine grapes, fruits, and other agricultural products that have been subject to smoke from wildfires. This testing provides growers with information on how severely their grapes or fruits have been impacted by wildfire smoke and whether they should be harvested and processed into wine. A portion of these funds will be used to enable research on wildfire smoke damage on agricultural products, and a portion will be used to remodel space for an analytical smoke research laboratory and for testing equipment, laboratory technicians, and support staff.

HUMAN SERVICES

Oregon Health Authority

The Subcommittee approved a General Fund appropriation of \$145,714 for the Oregon Health Authority (OHA) for one-time costs associated with pharmacist training and related activities by the Oregon State University College of Pharmacy. These costs result from the university's implementation of chapter 95, Oregon Laws 2019, which authorizes pharmacists to prescribe and dispense emergency "bridge" refills of insulin and related devices.

The budget includes \$300,000 General Fund and one position (1.00 FTE) for OHA to study behavioral health services provided by other state agencies. The subcommittee approved the following instruction related to this investment.

BUDGET NOTE

The Oregon Health Authority (OHA) shall study the behavioral health structures for services provided through state agencies and whether the structure adequately meets the current needs of the state as identified by the Alcohol and Drug Policy Commission strategic plan and the State Health Improvement Plan. OHA shall analyze the cost required to meet projected unmet needs, current revenue sources, and additional revenue options, including, but not limited to, taxes related to alcohol, income, and telecommunications. OHA shall report its findings to an interim committee of the Legislative Assembly related to behavioral health no later than February 1, 2022.

The budget includes \$958,626 General Fund and \$117,250 Other Funds expenditure limitation for debt service and cost of issuance of general obligation bonds for capital projects approved for the Oregon State Hospital (OSH). The approved projects include a new well water treatment facility and replacement of automated dispensing cabinets for prescription drugs. For cash-funded capital projects at OSH, the budget includes \$2.3 million, which is available from the federal American Rescue Plan Act, for deferred maintenance in Salem and Pendleton and equipment replacement in Salem and Junction City.

The budget includes the following adjustments to support OHA's cost of implementing policy bills passed late in the legislative session:

- \$14.9 million Other Funds expenditure limitation and 18 positions (18.00 FTE) for the transfer of the Health Insurance Marketplace from the Department of Consumer and Business Services to OHA (SB 65);
- \$5 million General Fund for developing behavioral health quality incentive metrics and other behavioral health system improvements (HB 2086);
- \$20.3 million Other Funds expenditure limitation for the Behavioral Health Housing Incentive Fund (HB 2316); and

- \$780,457 General Fund and four positions (2.84 FTE) for the review of health care mergers, acquisitions, and affiliation transactions (HB 2362).

The Subcommittee approved a budget-neutral reduction of \$300 million General fund and an increase in Other Funds expenditure limitation in the same amount in order to use federal American Rescue Plan Act State Fiscal Recovery Funds received by the Department of Administrative Services and transferred to the Oregon Health Authority for maintaining health-related services at the Oregon State Hospital.

Department of Human Services

The Subcommittee approved an increase in Federal Funds expenditure limitation of \$1.8 million for the Department of Human Services (DHS) and authorized four positions (4.00 FTE) to administer the Senior Health insurance Benefits Assistance Program (SHIBA), which is being transferred to DHS from the Department of Consumer and Business Services.

For administering shelter and feeding services for wildfire survivors, the Subcommittee approved \$76,488,018 General Fund on a one-time basis and authorized nine limited-duration positions (7.50 FTE). Of this amount, \$75 million is for programmatic expenditures and \$1,488,018 supports the limited-duration positions.

The Subcommittee approved a total of \$5.8 million General Fund for nutrition and anti-hunger programs, including \$4 million for Double-up Food Bucks, \$150,000 for the Oregon Hunger Task Force, and \$1.7 million for the Oregon Hunger Response Fund. Additionally, \$14 million Other Funds expenditure limitation was approved to allow the agency to use one-time federal American Rescue Plan Act State Fiscal Recovery funds received by the Department of Administrative Services and transferred to DHS for emergency food supply stabilization.

This measure includes an increase of \$99,503 Other Funds expenditure limitation for the DHS Aging and People with Disabilities program to allow the Department to hire one new permanent, full-time Administrative Specialist 3 position (0.50 FTE) to assist with the Senior Emergency Medical Services Innovation Program established by HB 2397 (2021). Position costs are funded through the DHS Quality Care Fund.

SB 5529, the primary 2021-23 budget bill for the Department of Human Services, includes a total of \$131 million total funds (\$44.3 million General Fund) for implementation of new rate models for Intellectual and Developmental Disabilities services. Effective July 1, 2021, a portion of the funds will be used to provide an across-the-board 3.2% rate increase. Effective July 1, 2022, the balance of the funds will be used to implement the new rate models at 80% of cost. The intent of the following budget note is to direct DHS to fully fund the new rate models at 100% of cost, which has an estimated additional 2021-23 cost of \$55.3 million total funds (\$28.5 million General Fund).

BUDGET NOTE

The Department of Human Services' Office of Developmental Disabilities Services (ODDS) is directed to fully fund the new rate models that go into effect on July 1, 2022. As this action is intended to strengthen and enhance Home and Community Based Services, the ODDS shall use funds made available through the temporary 10% FMAP increase to cover the 2021-23 costs required for implementation, unless the U.S. Centers for Medicare and Medicaid Services determines this to be an ineligible use of those funds, in which case the Department is directed to submit a request to the Emergency Board for the required funding. It is the Legislature's intent to fully fund provider rates for adult and children's group home services, day support services, employment services, attendant care, supported living, and non-medical transportation.

SB 749 (2021) appropriated \$467,993 General Fund, along with \$253,709 Federal Funds expenditure limitation and \$10,660 Other Funds expenditure limitation, to the DHS for the implementation of a new program to register providers of residential care referrals (referral agents). Because of how the agency accounts for shared services, funding authorization should also include a corresponding Other Funds expenditure limitation in DHS Shared Services. After review of SB 749, it was determined that this Other Funds expenditure limitation was inadvertently omitted from SB 749. The Subcommittee approved an Other Funds expenditure limitation increase of \$628,913 for DHS to correct this omission.

Other Funds expenditure limitation of \$95 million was approved for Employment-Related Day Care (ERDC) costs, including a new co-pay policy. The source of Other Funds for the ERDC program is funding transferred from the Department of Education's Early Learning Division and includes American Rescue Plan Act funds specifically for early learning and child care related spending.

JUDICIAL BRANCH

Oregon Judicial Department

The Subcommittee approved \$721,500 General Fund for two new statutory circuit court judgeships (1.50 FTE) in the eleventh Judicial District and Deschutes County, for a total of nine circuit court judges for the district. The judgeships are statutorily-established in HB 3011 (2021). The judgeships would begin on January 1, 2022. County government will assume facility (courtroom and office space) and associated costs for the judgeships and staff. Additionally, the Subcommittee approved \$867,280 General Fund for six permanent full-time positions, including one Judicial Assistant, one Courtroom Clerk, and one back-office Clerk for each newly established judgeship (5.00 FTE). Judicial staff would begin on November 1, 2021.

The Subcommittee approved \$1.2 million General Fund on a one-time basis and authorized eight limited duration positions (6.58 FTE) for the expungement of criminal records for marijuana infractions.

For the non-bondable costs of capital construction projects, the Subcommittee approved, on a one-time basis:

- \$5 million Other Funds expenditure limitation for the Supreme Court Building. The revenue source is the American Rescue Plan Act State Fiscal Recovery Funds received by the Department of Administrative Services and transferred to the Judicial Department.
- \$250,000 of Other Funds expenditure limitation for the cost of issuing general obligation bonds for the Supreme Court Building Renovation. The revenue source is from the bond proceeds.
- \$3.5 million Other Funds expenditure limitation for planning and costs associated with replacement of the Curry County Courthouse. The revenue source is the American Rescue Plan Act State Fiscal Recovery Funds received by the Department of Administrative Services and transferred to the Judicial Department.
- \$169,827 Other Funds expenditure limitation for planning and costs associated with replacement of the Crook County Courthouse. The revenue source is the American Rescue Plan Act State Fiscal Recovery Funds received by the Department of Administrative Services and transferred to the Judicial Department.

The Subcommittee approved the following Other Funds expenditure limitations for the Oregon Courthouse Capital Construction and Improvement Fund and both state and local matching funds, with the difference between the state and local match related to the cost of bond issuance that is paid as part of the state match:

Courthouse Project	State Match	Local Match	Total
Benton County	\$20,730,000	\$20,383,129	\$41,113,129
Linn County	\$16,110,000	\$15,900,000	\$32,010,000
Crook County	\$11,885,000	\$11,700,000	\$23,585,000
Clackamas	\$1	\$1	\$2

The revenue to support state matching funds is General Obligation bonds (Article XI-G) authorized in SB 5505 (2021). The timing of the issuance of the bonds will occur late in the 2021-23 biennium and, therefore, there is no associated General Fund debt service related to the issuance for the 2021-23 biennium.

The Subcommittee provided the following instruction to the Judicial Department about the Clackamas County Courthouse project.

BUDGET NOTE

The Oregon Judicial Department (OJD), in coordination with Clackamas County, is requested to submit a report to the Joint Committee on Ways and Means, prior to the legislative session in 2022, on the design, build, finance, operation, and maintenance public-private partnership (P3) agreement(s) for the Clackamas County Courthouse, as well as the funding agreement between OJD and Clackamas County, related to constitutional and statutory requirements for state support and local matching funds for the Oregon Courthouse Capital Construction and Improvement Fund (OCCCF). The report is to include, but not be limited to:

- the legal sufficiency of the Clackamas County public-private partnership agreement(s), from the state’s perspective, pertaining to funding agreement requirements;
- estimated total cost of ownership to construct, occupy, and maintain the Clackamas County Courthouse;
- affirmation of county ownership of the Clackamas County Courthouse building and property;
- a final master funding agreement; and
- a long-term flow-of-funds for state and local matching deposits into, and withdrawals from, the OCCCIF.

The report may also include recommendations for statutory changes related to public-private partnership agreement(s) and the OCCCIF. The submission of this report is a prerequisite for the consideration of supplemental Other Funds expenditure limitation for the Clackamas County Courthouse project.

LEGISLATIVE BRANCH

Legislative Administration Committee

Funding is provided to the Legislative Administration Committee (LAC) for the Document Publishing and Management System (DPMS) project, including Other Funds expenditure limitation in the amount of \$4,310,000 for the cost of issuing general obligation bonds and for project costs. In addition, \$663,587 General Fund is provided to LAC for debt service on bonds issued during the 2021-23 biennium for the DPMS project.

NATURAL RESOURCES

Department of Agriculture

The Subcommittee approved several General Fund increases for the Department of Agriculture (ODA), totaling \$2,501,685. First, \$200,000 General Fund was added for the predator control program, which provides pass-through money to the U.S. Department of Agriculture Wildlife Services for predator control services in partnership with the Department of Fish and Wildlife and Oregon counties. This funding is provided on a one-time basis. Next, \$450,000 of one-time General Fund was provided for additional funding for the Department’s Noxious Weed Control Program. Additionally, \$468,311 General Fund and the establishment of two permanent full-time positions (2.00 FTE) was approved for the Native Plant Conservation Program. The two Natural Resources Specialist positions will function as a Lead Botanist and a Conservation Biologist for the program and will allow for more focus on the administrative needs of the program and the development of State projects.

Finally, the Subcommittee approved two General Fund increases as part of a statewide investment in water-related priorities. First, \$883,374 General Fund and a permanent full-time Natural Resource Specialist 3 (0.92 FTE) was added to support water quality work in small watersheds. Part of this work includes land condition assessments for compliance with agricultural water quality rules. Of the amount provided, \$650,000

will be used to contract with local partners, like Soil and Water Conservation Districts or watershed councils, to provide technical support to local landowners. Secondly, \$500,000 of one-time General Fund was approved to continue work related to the State's groundwater management areas (GWMA). The Department will use \$250,000 of this amount to contract with a facilitator to coordinate a task force around the Lower Umatilla Basin GWMA with state agencies and local partners. The other \$250,000 of one-time funds will be used to complement existing research the Department is doing related to fertilizers and nitrate levels that are impacting groundwater.

Department of Energy

The Subcommittee approved funding for two new grant programs to be operated by the Department of Energy in 2021-23. First, a one-time General Fund appropriation of \$10 million was provided for the solar rebate program established in HB 2618 (2019). The \$10 million will be deposited into the Rooftop Solar Incentive Fund for the issuance of rebates and to pay for implementation and administration of the solar rebate program. Of the \$10 million, almost \$9.2 million is available for rebates through Special Payments with \$803,822 estimated for administration. The Department will hire three limited duration positions, a half-time Program Manager 3 and two Office Specialist 2 positions (2.50 FTE). Personal Services costs are anticipated to be \$364,182, with \$439,640 for services and supplies that include IT upgrade and indirect costs. This program was previously provided \$2 million of one-time General Fund in 2019-21.

Second, the Subcommittee approved \$10,831,296 General Fund for the Department to establish a new grant program designed to incentivize residential and commercial energy efficiency for 2020 wildfire survivors who are rebuilding and repairing dwellings and other structures that were destroyed or damaged in the 2020 wildfires. Of the total, \$10 million is provided for grants and \$831,296 General Fund is for administration of the program. The Department will hire three full-time limited duration positions, an Accounting Tech 3 and two Program Analysts, along with utilizing existing personnel to assist with program establishment, implementation and oversight.

The Subcommittee approved \$247,974 Other Funds expenditure limitation for the Department to conduct the study on small scale renewable energy projects that is outlined in HB 2021 (2021). The position authority for this study, an Economist 4, was provided in the budget report for HB 2021, however the Other Funds limitation provided in that measure is solely related to the Community Renewable Energy Project grant program established in the bill. The Economist position tasked with doing this study should not be paid from administrative grant funds but with Other Funds from the Department's Energy Supplier Assessment revenue.

The Subcommittee approved \$3.5 million for General Fund debt service to cover bond payments due in April 2022 and 2023 for the Small-Scale Energy Loan Program (SELP) Fund. This debt service is due to losses sustained from loans dating back to 2007. The total projected overall cash flow shortfall in the SELP Fund is currently around \$5 million but is dynamic and may be reduced further based on revenue received.

Department of Environmental Quality

The Subcommittee approved several General Fund appropriations totaling \$4,339,481 to the Department of Environmental Quality (DEQ). First, as part of an overall statewide investment in water-related priorities, \$350,000 General Fund was provided to begin initial scoping and design of a database framework of water and infrastructure data. While this is provided as a one-time appropriation, this is likely to become a significant information technology project, which will need to be reviewed by the Legislative Fiscal Office and the State Chief Information Office as part of the Stage Gate process. DEQ will need to develop a funding request for further development of this database framework.

Also included is \$420,099 General Fund to backfill the costs of positions within DEQ's Section 401 Hydropower Program. This program, named after Section 401 of the federal Clean Water Act, issues certifications for hydroelectric projects as part of a licensing process in conjunction with the Water Resources Department for hydroelectric water rights. Fee revenue for this program was insufficient to maintain operations, so a fee increase had been proposed in HB 2143 (2021). However, the increase to the annual fees in that measure were amended to not take effect until the 2023-25 biennium, resulting in a revenue shortfall for DEQ. This one-time General Fund has been provided in order to maintain operations through the 2021-23 biennium until the fee increase becomes effective.

Additionally, \$569,382 General Fund was approved on a one-time basis to cover the administrative costs of a new financial assistance program that will provide funding to public agencies or qualified institutions for the repair, replacement, upgrade, or evaluation of residential or other on-site septic systems. The Department will hire two full-time limited duration positions, a Program Analyst 2 (1.00 FTE) and a Natural Resource Specialist 4 (1.00 FTE), to provide funding coordination, oversight, outreach, and assistance to local entities. DEQ will need to determine the most efficient and effective method of distribution for this financial assistance program, intended to assist wildfire impacted communities, including the possibility of providing low-interest loans, forgivable loans, or, potentially, grants. The funding for this financial assistance program will come from the Department of Administrative Services through a revenue transfer of federal American Rescue Plan Act State Fiscal Recovery Fund monies. The Subcommittee approved \$15 million of Other Funds expenditure limitation for this program. Because federal ARPA funding can be spent through 2026, it is anticipated that DEQ will need to request General Fund and position authority to continue administering the program for the 2023-25 biennium and beyond if necessary.

Finally, \$3 million of one-time General Fund was provided for DEQ's cost share with the Federal Emergency Management Agency for the hazardous waste and structural debris clean up related to the 2020 wildfires.

The Subcommittee approved \$4.3 million Other Funds expenditure limitation to expend a portion of the proceeds from \$10 million in Article XI-H general obligation bonds requested in SB 5505 (2021). The bond proceeds will replenish the Orphan Site Account which is used to fund investigations and cleanup at sites where parties who are responsible for the pollution are unknown, unable or unwilling to perform cleanup-related work. The Orphan Site Account is also used to meet Oregon's obligations at federally funded Superfund sites. Oregon must contribute 10% of the Environmental Protection Agency's cleanup costs and pay 100% of long-term maintenance costs at federally funded Superfund sites. DEQ typically spends the proceeds over two consecutive biennia before making another request for additional Orphan Site bonds. Of the

limitation provided, \$300,000 is for costs of issuing the bonds. Also approved is \$395,030 General Fund for the debt service associated with the bonds, which are scheduled to be sold in May 2022 and March 2023.

Finally, the Subcommittee approved the reduction of \$300,000 Other Funds intended for the cost of bond issuance that was mistakenly included in SB 5516 (2021), the Department's budget bill, under the Debt Service section. The limitation for the cost of issuance is appropriately included above, along with the \$4 million in bond proceeds, within the Land Quality program where it will be expended.

Department of Fish and Wildlife

The Subcommittee approved several General Fund appropriations for the Department of Fish and Wildlife totaling \$1,776,635. First, one-time General Fund of \$545,000 was provided for deposit into the Conservation and Recreation Fund established by HB 2829 (2019) in order to match expected donations, from sources other than a government entity that are received into the fund in the 2019-21 biennium. This estimate is based on anticipated donations expected to be received by June 30, 2021. If the amount of donations falls short of this appropriation, the difference can be applied to the General Fund that is being set aside by the Emergency Board through HB 2171 (2021) to match, up to \$1 million, donations received in 2021-23. A corresponding increase in Other Funds expenditure limitation of \$1,090,000 was also approved to allow the Department to spend the monies that have been deposited into the fund. Next, \$200,000 General Fund was approved for the predator control program, which provides pass-through money to the U.S. Department of Agriculture Wildlife Services for predator control services in partnership with the Department of Agriculture and Oregon counties. This appropriation is considered one-time only, with a similar one-time appropriation provided to the Department of Agriculture.

Additionally, the Subcommittee approved \$585,056 General Fund and position authority for three permanent full-time Natural Resource Specialist 2 positions (3.00 FTE) for the Western Oregon Streams Restoration program. The positions and funding will restore the program's capacity to provide technical support for the implementation of habitat restoration projects in western Oregon. The program was reduced in 2017 due to General Fund shortfalls. Included in the total is \$80,970 in services and supplies. Finally, \$446,579 General Fund was added on a one-time basis for the payment of debt service associated with Article XI-Q General Obligation bonds to finance \$5 million of capital improvement projects on non-hatchery related facilities. The Subcommittee also approved \$105,000 Other Funds expenditure limitation for the cost of issuance related to the bonds. The \$5 million Other Funds expenditure limitation is provided in the Capital Construction bill (SB 5506). Finally, the Subcommittee approved \$5 million of Other Funds expenditure limitation in order to expend federal American Rescue Plan Act Coronavirus State Fiscal Recovery Fund monies, that will be received by the Department of Administrative Services and transferred to the Department for funding of fish screens and fish passage projects.

Oregon Department of Forestry

General Obligation bonds that are authorized to be issued in the 2021-23 biennium are anticipated to produce \$4,820,722 in net proceeds to address maintenance needs of facilities owned by the Department of Forestry. This amount represents 2% of the replacement value of these facilities. The Subcommittee approved an increase of \$4,820,722 Other Funds Capital Improvement expenditure limitation for the Capital Improvement program for the expenditure of the bond proceeds. An increase in the Other Funds expenditure limitation for the Agency Administration program of \$64,229 was approved for the cost of bond issuance. For the Debt Service program, the General Fund appropriation is increased by \$260,395 and Other Funds expenditure limitation is increased by \$255,807 for the payment of debt service related to the bonds.

The Subcommittee approved the establishment of a \$5 million General Fund appropriation to the Department's Private Forests Division to provide grants to plant nurseries to develop tree seedling capacity in order to increase the supply of tree seedlings for replanting needs due to the 2020 wildfire season.

Also approved was an increase of \$49,196 Other Funds expenditure limitation for the Department's Agency Administration Division, to pay issuance costs for bonds that will be issued to replace the agency's facility in Toledo, Oregon. General Fund for the Debt Service program was increased by \$105,260 and Other Funds expenditure limitation is increased by \$146,257 for debt service.

To support rangeland protection associations, the Subcommittee approved \$666,937 General Fund in the Fire Protection Division and authorized the establishment of three positions (2.25 FTE). Senate Bill 590 (2021) expands the definition of rangelands to include those lands that are used primarily for cultivating crops. Including these lands will allow for additional associations to be formed, providing access to assistance programs from the State Forester with organizing, training, acquisition of equipment, and insurance obligations.

The Subcommittee approved increases of \$686,300 General Fund and \$457,530 Other Funds expenditure limitation, and authorized establishment of three permanent full-time positions (3.00 FTE) for the Department's Private Forests Division. The three positions, a riparian and aquatic monitoring specialist, a forest roads specialist, and a geotechnical specialist, will support the administration of the Forest Practices Act and provide technical assistance to forest landowners to ensure sound forest management and ecological protection.

Department of Geology and Mineral Industries

The Subcommittee approved \$328,710 General Fund for the Department of Geology and Mineral Industries to align the budget and actual expenditures with the appropriate source of funding for payment of State Government Service Charges. The Department's budget had assumed that these charges would be paid with a mix of General Fund, Other Funds, and Federal Funds. However, the Other Funds and Federal Funds that the Department receives are related to specific projects or grants and, therefore, are not eligible to be used for payment of these central-service charges. With the additional General Fund, there is a corresponding reduction to Other Funds expenditure limitation of \$173,464 and to Federal Funds expenditure limitation of \$155,246.

Department of Land Conservation and Development

The Subcommittee approved \$2,205,418 General Fund on a one-time basis and authorized one permanent position (1.00 FTE) for the Department of Land Conservation and Development (DLCD) to provide assistance and grants to local governments for planning and capacity-building related to the assessment of housing need, increasing housing supply and choice (particularly middle housing), including studies of infrastructure constraints, and support of local housing coordinators.

Additionally, the Subcommittee approved \$1,306,912 General Fund on a one-time basis for DLCD to study and make legislative recommendations, in consultation with the Housing and Community Services Department, on the incorporation of a Regional Housing Needs Analysis (RHNA) into state and local planning programs. The Subcommittee authorized one limited duration position to support this work. The approved funding includes \$1,146,100 for studies and stakeholder outreach to examine the following areas: (1) data needed, including but not limited to race/ethnicity, to improve estimations of housing need; (2) definition of “regions” in the state; (3) how a RHNA can be used to address equity, discrimination, and segregation in housing supply; (4) incorporation of a RHNA into the projection of local housing need as well as those actions and policies adopted to address housing shortages; and (5) any other issues appropriate to the implementation of the RHNA.

BUDGET NOTE

The Department of Land Conservation and Development, in consultation with Oregon Housing and Community Services, shall provide an initial legislative report no later than February 1, 2022 and a final legislative report no later than December 31, 2022 on efforts to develop a legislative proposal for incorporation of a regional housing needs analysis into future state and local planning processes.

Land Use Board of Appeals

The Subcommittee approved a one-time General Fund appropriation of \$50,000 for the Agency to begin the business systems analysis, requirements gathering, and business case development work needed to develop and implement an electronic filing and case management system.

Oregon Parks and Recreation Department

For the Oregon Main Street Program, the Subcommittee approved \$10,214,553 Other Funds expenditure limitation in the Department’s Community Support and Grants program. The Division will spend \$10 million in net proceeds from Lottery bonds on the program and \$214,553 on cost of bond issuance. Lottery Funds expenditure limitation is increased by \$414,812 for the payment of debt service.

The Subcommittee approved an increase of \$750,000 Other Funds expenditure limitation in the Department's Central Services Division, for the cost of bond issuance of General Obligation bonds for State Parks capital improvement and renewal projects. The bonds will be used to finance improvements to facilities in multiple Oregon state parks. The three positions are an Operations and Policy Analyst 4, Natural Resource Specialist 4, and an Accountant 1. The three grant categories are detailed below.

- \$10 million General Fund was approved for OWEB to make grants for riparian and upland restoration, protection of water quality. Grants in this category will focus on restoring riparian and upland areas via broadly applied restoration approaches such as replanting. OWEB will leverage its granting infrastructure to develop a focused restoration grant offering, with an emphasis on upland and riparian plantings and associated treatments, during the 2021-23 biennium for areas impacted by the 2020 wildfires. These grants will support work by eligible local partners to restore riparian and upland areas in locations that will pose substantial threats to water quality due to post-fire erosion if not restored. The grant-making process will prioritize areas where water quality impacts could negatively affect drinking water supplies and/or important aquatic habitat. Process steps will include project solicitation using a tailored grant application, evaluation by an interagency team of experts,

grant award, project implementation, and post-project reporting about outputs and outcomes related to the project's success at addressing post-fire natural resources concerns and community benefits associated with the project.

- \$5 million General Fund was authorized for OWEB to make grants for floodplain restoration and reconnection. Grants in this category will focus on more complex projects that restore and reconnect rivers to floodplain areas, re-establishing hydrologic and ecological functions in ways that help reduce post-fire impacts. OWEB would leverage its granting infrastructure to develop a focused restoration grant offering, with a focus on restoring and reconnecting floodplain areas, during the 2021-23 biennium for areas impacted by the 2020 wildfires.
- \$4 million General Fund was approved for OWEB to pass-through to the Eugene Water and Electric Board (EWEB) for restoration and targeted acquisition of high-priority McKenzie riparian/floodplain properties. This funding will support work by EWEB, in coordination with its local partners, to restore and/or acquire riparian and floodplain areas to reduce risks from post-fire impacts.

The Subcommittee approved \$500,000 General Fund on a one-time basis for distribution as a grant to Umatilla County for the purpose of implementing agreements of the Columbia River - Umatilla Solutions Task Force. The Task Force objectives include the identification of options to increase the utilization of Columbia River water for in-stream and out-of-stream uses in the Umatilla Basin without negatively impacting instream flow need for fish species, that are technically, economically, legally, and politically feasible and that provide both economic and environmental benefits that support other water-related planning efforts.

The Subcommittee approved \$500,000 General Fund on a one-time basis to engage Oregon Consensus to convene a process to develop a framework and path for state-supported water planning and management at the water region/basin level. Funds will provide facilitation support and may include funding for regional convenings and for other entities and organizations to participate in the process as appropriate.

These include the Harney County Watershed Council in the Malheur Lake Basin, Union County in the Upper Grande Ronde Sub-Basin, Gilliam Soil and Water Conservation District in the Lower John Day Sub-Basin, and the Seal Rock Water District in the Mid-Coast Basin. Place-based planning is voluntary, locally led, and tailored to specific water resource needs and challenges of the location in which planning efforts take place. Participating communities are required to build a collaborative and inclusive process; gather information to understand water resources and identify knowledge gaps; examine current and future water needs for people, place, and nature; identify and prioritize strategic, integrated solutions to address water needs; and develop a place-based integrated water resources plan. Funding is provided for the 2021-2023 biennium only.

The Water Resources Department currently has a significant backlog in the processing of contested cases related to water rights decisions. To address this issue, the Subcommittee approved a one-time increase of \$2.2 million General Fund and authorized one limited-duration position (1.00 FTE) to facilitate the referral and completion of administrative hearings or other procedures to alleviate the backlog.

Several activities were approved for funding from American Rescue Plan Act State Fiscal Recovery Fund funds received by the Department of Administrative Services and transferred to WRD. Other Funds expenditure limitation for the department is established or increased for the expenditure of these funds as follows:

- \$6 million for a grant to Umatilla County for the Ordnance Project. The Ordnance Project is the third and final regional Columbia River Project of those initially proposed in 2015. This project provides water supplies to industrial, domestic, and food production uses in the central project region. The other 2 projects (East Project and West Project) were completed in 2020. The Ordnance project includes

enough water to restore 20,000 acres of farmland and stabilize and restore the Ordnance Alluvial and Ordnance Basalt Critical Groundwater Area aquifers to ensure drought and climate change resiliency in the mid-Columbia region of Oregon.

- \$1 million to expand support and development of place-based planning efforts of communities for specific water resource needs and challenges of the location in which planning efforts take place to build a collaborative and inclusive process; gather information to understand water resources and identify knowledge gaps; examine current and future water needs for people, place, and nature; identify and prioritize strategic, integrated solutions to address water needs; and develop a place-based integrated water resources plan.
