section, the authority shall convene a review board consisting of members of the affected community, consumer advocates and health care experts. No more than one-third of the members of the review board may be representatives of institutional health care providers.

(8) The authority may retain actuaries, accountants or other professionals independent of the authority as necessary to assist the review board in conducting the analysis of a proposed material change transaction. The authority shall designate the party or parties to the material change transaction that shall bear the cost of retaining the professionals.

(9) The review board shall hold at least two public hearings in the service area or areas of the health care entities that are parties to the material change transaction to seek public input and otherwise engage the public before making a determination on the proposed transaction. The authority shall issue a final order adopting or modifying
the recommendations of the review board. If the authority disapproves the material change
transaction or approves the material change transaction subject to conditions, the authority
shall notify the Attorney General of the authority’s findings and analysis so that the Attorney
General may, if appropriate, conduct an investigation into whether the health care enti-
ties have engaged in unfair competition or anticompetitive behavior in violation of ORS
646.725 or 646.730 and, if necessary, take steps to protect consumers in the health care
market.

(13) A health care entity that is a party to an approved material change transaction shall
