“SECTION 4. The Public Utility Commission shall, no later than September 15, 2025, provide a report to the interim committees of the Legislative Assembly related to energy that discusses, for the period beginning on the effective date of this 2021 Act and ending December 31, 2024, the implementation and impacts of the amendments to ORS 757.072 by section 3 of this 2021 Act. The report shall include, but need not be limited to:

“(1) A description of the process established under ORS 757.072 (2)(d) and any other rules, orders, processes or polices adopted or established by the commission as necessary to implement the amendments to ORS 757.072 by section 3 of this 2021 Act; and

“(2) A detailed description of the organizations described in ORS 757.072 (2)(a)(B) and (C) that received funding during the period subject to reporting that includes, for each organization, a description of:

“(a) The proceedings for which the organization received financial assistance; and

“(b) The amount of financial assistance received by the organization for each proceeding; and

“(c) The issues raised by the organization in each proceeding for which the organization received financial assistance; and

“(d) The outcome within each proceeding with regard to the issues described in paragraph (c) of this subsection.

“SECTION 5. Section 4 of this 2021 Act is repealed on January 2, 2026.

“SECTION 6. Section 7 of this 2021 Act is added to and made a part of ORS chapter 757.

“SECTION 7. (1) In addition to comprehensive classifications, tariff schedules, rates and bill credits, the Public Utility Commission may address the mitigation of energy burdens...
through bill reduction measures or programs that may include, but need not be limited to, demand response or weatherization.

“(2) The costs of tariff schedules, rates, bill credits or program discounts allowed pursuant to subsection (1) of this section must be collected in the rates of an electric company through charges paid by all retail electricity consumers, such that retail electricity consumers that purchase electricity from electricity service suppliers pay the same amount to address the mitigation of energy burdens as retail electricity consumers that are not served by electricity service suppliers.”.
