A BILL FOR AN ACT

Relating to the Organ Donor Registry and Public Awareness Fund.

Whereas organ, eye and tissue donation in Oregon has saved hundreds of lives and given sight, mobility and a better quality of life to thousands more; and

Whereas the State of Oregon, through the Department of Transportation, has a decades-long relationship with designated organ procurement organizations, in which the department invites customers to join the anatomical donor registry and have a “D” placed on their driver license or identification card; and

Whereas nearly 2.3 million Oregonians are part of the anatomical donor registry, 98 percent of whom joined the registry through contact with the department; and

Whereas further outreach to and education of Oregonians will lead to even greater participation in the donor registry, resulting in more lives saved, sight given and lives improved; now, therefore,
