Prohibits abortion of unborn child with probable gestational age of 20 or more weeks, except in case of medical emergency. Allows specified persons to bring action against health care provider for violations. Requires health care provider who performs or induces, or attempts to perform or induce, abortion to file report with Oregon Health Authority. Requires authority to publish annually statistics relating to abortion. A BILL FOR AN ACT

1
2 Relating to abortion; creating new provisions; amending ORS 677.190, 678.111 and 685.110; and pre-
3 scribing an effective date.

4 Whereas pain receptors are present throughout an unborn child's entire body by 16 weeks
5 probable gestational age and nerves link these receptors to the brain's thalamus and subcortical
6 plate by 20 weeks probable gestational age; and

7 Whereas by eight weeks probable gestational age, the unborn child reacts to touch; and

8 Whereas after 20 weeks probable gestational age, the unborn child reacts to stimuli that would
9 be recognized as painful if applied to an adult human, for example by recoiling; and

10 Whereas in the unborn child, application of such painful stimuli is associated with significant
11 increases in stress hormones known as the stress response; and

12 Whereas subjection to such painful stimuli is associated with long-term harmful
13 neurodevelopmental effects, such as altered pain sensitivity and, possibly, emotional, behavioral and
14 learning disabilities later in life; and

15 Whereas for the purposes of surgery on unborn children, fetal anesthesia is routinely adminis-
16 tered and is associated with a decrease in stress hormones compared to their level when painful
17 stimuli are applied without anesthesia; and

18 Whereas the position, asserted by some medical experts, that the unborn child is incapable of
19 experiencing pain until a point later in pregnancy than 20 weeks probable gestational age predomi-
20 nantly rests on the assumption that the ability to experience pain depends on the cerebral cortex
21 and requires nerve connections between the thalamus and the cortex; and

22 Whereas medical research and analyses conducted since 2007 provide strong evidence for the
23 conclusion that a functioning cortex is not necessary to experience pain; and

24 Whereas substantial evidence indicates that children born missing the bulk of the cerebral
25 cortex, such as those with hydranencephaly, nevertheless experience pain; and

26 Whereas in adults, stimulation or ablation of the cerebral cortex does not alter pain perception,

NOTE: Matter in **boldfaced** type in an amended section is new; matter *[italic and bracketed]* is existing law to be omitted. New sections are in **boldfaced** type.

1 while stimulation or ablation of the thalamus does; and

2 Whereas substantial evidence indicates that structures used for pain processing in early devel-
 3 opment differ from those of adults, using different neural elements available at specific times during
 4 development, such as the subcortical plate, to fulfill the role of pain processing; and

5 Whereas there is substantial medical evidence that an unborn child is capable of experiencing
 6 pain by 20 weeks probable gestational age; and

7 Whereas it is the purpose of the Legislative Assembly to assert a compelling state interest in
 8 protecting the lives of unborn children from the stage at which substantial medical evidence indi-
 9 cates that they are capable of feeling pain; now, therefore,

10 **Be It Enacted by the People of the State of Oregon:**

11 **SECTION 1. As used in sections 1 to 8 of this 2021 Act:**

12 (1) **“Abortion” means the use or prescription of any instrument, medicine, drug or any**
 13 **other substance or device to terminate the pregnancy of a person known to be pregnant, if**
 14 **the intention is other than to increase the probability of a live birth, to preserve the life or**
 15 **health of the child after live birth or to remove a dead unborn child who died as the result**
 16 **of natural causes in utero, accidental trauma or a criminal assault on the pregnant person**
 17 **or their unborn child, and that use or prescription causes the premature termination of the**
 18 **pregnancy.**

19 (2) **“Attempt to perform or induce an abortion” means an act, or an omission of a**
 20 **statutorily required act, that, under the circumstances as the actor believes them to be,**
 21 **constitutes a substantial step in a course of conduct planned to culminate in the perform-**
 22 **ance or induction of an abortion.**

23 (3) **“Fertilization” means the fusion of a human spermatozoon with a human ovum.**

24 (4) **“Health care provider” means:**

25 (a) **A physician licensed under ORS chapter 677;**

26 (b) **A physician assistant licensed under ORS 677.505 to 677.525;**

27 (c) **A naturopathic physician licensed under ORS chapter 685; and**

28 (d) **A nurse practitioner licensed under ORS 678.375 to 678.390.**

29 (5)(a) **“Medical emergency” means a condition that, in reasonable medical judgment, so**
 30 **complicates the medical condition of the pregnant person as to necessitate the immediate**
 31 **termination of the pregnancy to avert the person’s death or for which a delay necessary to**
 32 **determine probable gestational age will create serious risk of substantial and irreversible**
 33 **physical impairment of a major bodily function, not including psychological or emotional**
 34 **functions.**

35 (b) **“Medical emergency” does not include the likelihood that the pregnant person will**
 36 **engage in conduct that would result in the person’s death or in substantial and irreversible**
 37 **physical impairment of a major bodily function.**

38 (6) **“Probable gestational age” means the duration of the pregnancy at the time the**
 39 **abortion is to be performed or induced.**

40 (7) **“Reasonable medical judgment” means a medical judgment that would be made by a**
 41 **reasonably prudent health care provider who is knowledgeable about the case and the treat-**
 42 **ment possibilities with respect to the medical conditions involved.**

43 (8) **“Unborn child” means an individual organism of the species Homo sapiens from**
 44 **fertilization until live birth.**

45 **SECTION 2. (1) Except in the case of a medical emergency that prevents compliance with**

1 this section, a person may not perform or induce, or attempt to perform or induce, an
 2 abortion unless a health care provider has first made a determination of the probable
 3 gestational age of the unborn child.

4 (2) In making the determination required by subsection (1) of this section, the health
 5 care provider shall make the inquiries of the person who is pregnant and perform or cause
 6 to be performed the medical examinations and tests that a reasonably prudent health care
 7 provider who is knowledgeable about the case and the medical conditions involved would
 8 make and perform to make an accurate diagnosis with respect to the probable gestational
 9 age.

10 **SECTION 3.** (1) Except in the event of a medical emergency, a person may not perform
 11 or induce, or attempt to perform or induce, an abortion when a health care provider has
 12 determined that the probable gestational age of the unborn child is 20 or more weeks.

13 (2) When a health care provider terminates a pregnancy that is not prohibited under this
 14 section because of a medical emergency, the health care provider shall terminate the preg-
 15 nancy in the manner that, in reasonable medical judgment, provides the best opportunity for
 16 the unborn child to survive, unless, in reasonable medical judgment, termination of the
 17 pregnancy in that manner would pose a greater risk of the death of the pregnant person or
 18 of the substantial and irreversible physical impairment of a major bodily function of the
 19 person, other than psychological or emotional functions, than other available methods. The
 20 likelihood that the person who is pregnant will engage in conduct that would result in the
 21 person's death or in substantial and irreversible physical impairment of a major bodily
 22 function does not constitute a greater risk under this subsection.

23 **SECTION 4.** (1) A health care provider who performs or induces, or attempts to perform
 24 or induce, an abortion, shall report to the Oregon Health Authority in accordance with rules
 25 adopted by the authority. The report must include:

26 (a) If a determination of probable gestational age was made, the probable gestational age
 27 determined and the method and basis of the determination;

28 (b) If a determination of probable gestational age was not made or the probable
 29 gestational age was determined to be 20 or more weeks, the basis of the determination that
 30 a medical emergency existed;

31 (c) The method used for the abortion and, in the case of a termination performed when
 32 the probable gestational age was determined to be 20 or more weeks:

33 (A) Whether the method used was one that, in reasonable medical judgment, provided the
 34 best opportunity for the unborn child to survive; or

35 (B) If the method used did not provide the best opportunity for the unborn child to sur-
 36 vive, the basis of the determination that termination of the pregnancy in that manner would
 37 pose a greater risk of the death of the pregnant person or of the substantial and irreversible
 38 physical impairment of a major bodily function of the person, other than psychological or
 39 emotional functions, than other available methods;

40 (d) Whether an intra-fetal injection was used in an attempt to induce fetal demise; and

41 (e) The age and race of the pregnant person on whom the abortion was performed or
 42 induced, or attempted to be performed or induced.

43 (2) The reports required by this section:

44 (a) May not include the name, address or other information that individually identifies
 45 the person whose pregnancy was terminated.

1 (b) Must include a unique medical record identifying number that correlates to the
2 person's medical record.

3 (3)(a) Except as provided in paragraph (b) of this subsection, the reports submitted under
4 this section are confidential and exempt from disclosure under ORS 192.311 to 192.478.

13 **quirements of section 4 of this 2021 Act:**

15 (2) May be the basis for disciplinary action under ORS 678.111.

16 (3) May be the basis for disciplinary action under ORS 685.110.

17 **SECTION 6. (1) On or before June 30 of each year, the Oregon Health Authority shall**
18 **issue a public report of statistics relating to abortion. The public report must include:**

19 (a) Statistics for the previous calendar year compiled from the reports submitted under
20 section 4 of this 2021 Act.

21 (b) Statistics for all previous calendar years in which reports were submitted under sec-
22 tion 4 of this 2021 Act, adjusted to reflect any additional information from late or corrected
23 reports.

24 (2) The authority may not include individually identifiable information in the public re-
25 port.

26 **SECTION 7. (1)(a) Except as provided in paragraph (b) of this subsection, a person upon**
27 **whom an abortion has been performed or induced, or attempted to be performed or induced,**
28 **in violation of section 2 or 3 of this 2021 Act, or the person responsible for the fertilization**
29 **that resulted in the pregnancy that is the subject of the abortion, may maintain an action**
30 **against the health care provider who performed or induced, or attempted to perform or in-**
31 **duce, the abortion for actual and punitive damages.**

32 (b) Damages may not be awarded under this subsection if the pregnancy described in
33 paragraph (a) of this subsection was the result of criminal conduct by the person responsible
34 for fertilization that resulted in the pregnancy described in this subsection.

35 (2) A cause of action for injunctive relief against a health care provider who intentionally
36 or recklessly violates section 2 or 3 of this 2021 Act may be brought against the health care
37 provider by:

38 (a) A person upon whom the abortion was performed or induced, or attempted to be
39 performed or induced, if the person was not at least 18 years of age at the time of the
40 abortion;

41 (b) The representative of a person upon whom the abortion was performed or induced,
42 or attempted to be performed or induced, if the person died as a result of the abortion;

43 (c) The person responsible for the fertilization that resulted in the pregnancy of the
44 person upon whom the abortion was performed or induced, or attempted to be performed or
45 induced;

1 (d) A prosecuting attorney with competent jurisdiction; or

2 (e) The Attorney General.

3 (3) Injunctive relief may not be granted to the person responsible for fertilization that
4 resulted in the pregnancy that is the subject of the abortion described in subsection (1)(a)
5 of this section if the pregnancy is the result of criminal conduct by the person described in
6 this subsection.

7 (4) If the plaintiff prevails in the action described in this section, the court shall also
8 award reasonable attorney fees to the plaintiff.

9 (5) If the defendant prevails in the action described in this section, and the court finds
10 that the action was frivolous and brought in bad faith, the court shall award attorney fees
11 to the defendant.

12 **SECTION 8.** (1) In any action or proceeding brought under section 7 of this 2021 Act, the
13 court shall determine whether the anonymity of a person upon whom an abortion was per-
14 formed or induced, or attempted to be performed or induced, must be exempt from public
15 disclosure under ORS 192.311 to 192.478 if the person does not consent to disclosure.

16 (2) If the court determines that the person's anonymity must be preserved, the court
17 shall issue orders to the parties, witnesses and counsel, direct the sealing of the record and
18 order exclusion from the courtroom or hearing room all persons who are not parties, wit-
19 nesses or counsel. The orders described in this subsection must be accompanied by written
20 findings that explain why the person's anonymity must be preserved, why the order is es-
21 sential to that end, how the order is narrowly tailored to serve that interest and why no
22 reasonable less-restrictive alternative exists.

23 (3) If the person described in subsection (1) of this section does not consent to disclose
24 the person's identity, any person other than a public official who brings an action under
25 section 7 of this 2021 Act that is related to the person's pregnancy shall bring the action
26 under a pseudonym.

27 (4) This section shall not be construed to conceal the identity of the plaintiff or witnesses
28 from the defendant or defendant's counsel.
