in the creation of one or more parcels of land shall be reviewed and approved or disapproved by the
governing body or its designee of the county in which the land is situated. The governing body of
a county by ordinance shall require prior review and approval for divisions of land within exclusive
farm use zones established within the county.

(2)(a) The governing body of a county or its designee may approve a proposed division of land
to create parcels for farm use as defined in ORS 215.203 if it finds that:

ilished under ORS 215.780; or

(C) A portion of a lot or parcel has been included within an urban growth boundary and redes-

(b) of this subsection.

(b) When a parcel for farm use is created in an exclusive farm use zone under paragraph (a) of
this subsection, the partition must occur along the urban growth boundary and:

(A) If the parcel contains a dwelling, the parcel must be large enough to support continued

(ii) May not be considered in approving or denying an application for siting any other dwelling;

(iii) May not be considered in approving a redesignation or rezoning of forestlands under the
acknowledged comprehensive plan and land use regulations, except for a redesignation or rezoning
to allow a public park, open space or other natural resource use.

(3) The governing body of a county or its designee may approve a proposed division of land in
an exclusive farm use zone for nonfarm uses, except dwellings, set out in ORS 215.213 (1)(c) or (2)
or 215.283 (1)(c) or (2) if it finds that the parcel for the nonfarm use is not larger than the minimum
size necessary for the use. The governing body may establish other criteria as it considers neces-
sary. Land that is divided under this subsection pursuant to ORS 215.213 (1)(c) or 215.283 (1)(c) may
not later be rezoned by the county for retail, commercial, industrial or other nonresource use, ex-
cept as provided under the statewide land use planning goals or under ORS 197.732.

(4) In western Oregon, as defined in ORS 321.257, but not in the Willamette Valley, as defined
in ORS 215.010, the governing body of a county or its designee:

(a) May approve a division of land in an exclusive farm use zone to create up to two new parcels

(D) The remainder of the original lot or parcel that does not contain the nonfarm dwellings
complies with the minimum size established under ORS 215.780; and
(E) The parcels for the nonfarm dwellings are generally unsuitable for the production of farm crops and livestock or merchantable tree species considering the terrain, adverse soil or land conditions, drainage or flooding, vegetation, location and size of the tract. A parcel may not be considered unsuitable based solely on size or location if the parcel can reasonably be put to farm or forest use in conjunction with other land.

(b) May approve a division of land in an exclusive farm use zone to divide a lot or parcel into two parcels, each to contain one dwelling not provided in conjunction with farm use if:

(A) The nonfarm dwellings have been approved under ORS 215.284 [(2) or (3)];

(B) The parcels for the nonfarm dwellings are divided from a lot or parcel that was lawfully created prior to July 1, 2001;

(E) The parcels for the nonfarm dwellings do not have established water rights for irrigation; and

(F) The parcels for the nonfarm dwellings are generally unsuitable for the production of farm crops and livestock or merchantable tree species considering the terrain, adverse soil or land conditions, drainage or flooding, vegetation, location and size of the tract. A parcel may not be considered unsuitable based solely on size or location if the parcel can reasonably be put to farm or forest use in conjunction with other land.

(5) In eastern Oregon, as defined in ORS 321.805, the governing body of a county or its designee:

(a) May approve a division of land in an exclusive farm use zone to create up to two new parcels smaller than the minimum size established under ORS 215.780, each to contain a dwelling not provided in conjunction with farm use if:

(B) The parcels for the nonfarm dwellings are divided from a lot or parcel that was lawfully created prior to July 1, 2001;

(C) The parcels for the nonfarm dwellings are divided from a lot or parcel that complies with the minimum size established under ORS 215.780;

(D) The remainder of the original lot or parcel that does not contain the nonfarm dwellings complies with the minimum size established under ORS 215.780; and

(E) The parcels for the nonfarm dwellings are generally unsuitable for the production of farm crops and livestock or merchantable tree species considering the terrain, adverse soil or land conditions, drainage or flooding, vegetation, location and size of the tract. A parcel may not be considered unsuitable based solely on size or location if the parcel can reasonably be put to farm or forest use in conjunction with other land.

   (ii) Either composed of at least 90 percent Class VII and VIII soils, or composed of at least 90
        percent Class VI through VIII soils and are not capable of producing adequate herbaceous forage
        for grazing livestock. The Land Conservation and Development Commission, in cooperation with the
        State Department of Agriculture and other interested persons, may establish by rule objective cri-
        teria for identifying units of land that are not capable of producing adequate herbaceous forage for
        grazing livestock. In developing the criteria, the commission shall use the latest information from
        the United States Natural Resources Conservation Service and consider costs required to utilize
        grazing lands that differ in acreage and productivity level;

(E) The parcels for the nonfarm dwellings do not have established water rights for irrigation;

and

(F) The parcels for the nonfarm dwellings are generally unsuitable for the production of farm
