43 caused by action or inaction of the recipient.

44 (f) The [office] **department** shall conduct periodic inspections of preparedness equipment dis-

 3 preparedness equipment or require the recipient to reimburse the [office] **department** for the cost
 4 of the preparedness equipment.

5 (g) The [office] **department** may transfer between recipients, dispose of or otherwise manage the

42 468B.365. (1) The Department of Environmental Quality shall approve a contingency plan re-
43 quired under ORS 468B.345 only if it determines that the plan meets the requirements of ORS
44 468B.345 to 468B.360 and:

45 (a) The covered vessel or facility demonstrates evidence of compliance with ORS 468B.390; and

1 (b) If implemented, the plan is capable, to the maximum extent practicable in terms of personnel,
2 materials and equipment, of removing oil promptly and properly and minimizing any damage to the
3 environment.

4 (2) An owner or operator of a covered vessel or facility shall notify the department in writing
5 immediately of any significant change affecting the contingency plan, including changes in any fac-
6 tor set forth in this section or in rules adopted by the Environmental Quality Commission. The de-
7 partment may require the owner or operator to update a contingency plan as a result of these
8 changes.

9 (3) A holder of an approved contingency plan does not violate the terms of the contingency plan
10 by furnishing to another plan holder, after notifying the department, equipment, materials or per-
11 sonnel to assist the other plan holder in a response to an oil discharge. The plan holder shall re-
12 place or return the transferred equipment, materials and personnel as soon as feasible.

13 (4) The department may attach any reasonable term or condition to its approval or modification
14 of a contingency plan that the department determines is necessary to insure that the applicant:

15 (a) Has access to sufficient resources to protect environmentally sensitive areas and to prevent,
16 contain, clean up and mitigate potential oil discharges from the facility or tank vessel;

17 (b) Maintains personnel levels sufficient to carry out emergency operations; and

18 (c) Complies with the contingency plan.

19 (5) The contingency plan must provide for the use by the applicant of the best technology
20 available at the time the contingency plan was submitted or renewed.

21 (6) The department may require an applicant or a holder of an approved contingency plan to
22 take steps necessary to demonstrate its ability to carry out the contingency plan, including:

23 (a) Periodic training;

24 (b) Response team exercises; and

25 (c) Verification of access to inventories of equipment, supplies and personnel identified as
26 available in the approved contingency plan.

27 (7) The department may consider evidence that oil discharge prevention measures such as dou-
28 ble hulls or double bottoms on vessels or barges, secondary containment systems, hydrostatic test-
29 ing, enhanced vessel traffic systems or enhanced crew or staffing levels have been implemented and
30 in its discretion, may make exceptions to the requirements of this section to reflect the reduced risk
31 of oil discharges from the facility or tank vessel for which the plan is submitted or being modified.

32 (8) Before the department approves or modifies a contingency plan required under ORS 468B.345,
33 the department shall provide a copy of the contingency plan to the State Department of Fish and
34 Wildlife, the [office] **Department** of the State Fire Marshal and the Department of Land Conserva-
35 tion and Development for review. The agencies shall review the plan according to procedures and
36 time limits established by rule of the Environmental Quality Commission.

37 (9) Upon approval of a contingency plan, the Department **of Environmental Quality** shall issue
38 to the plan holder a certificate stating that the plan has been approved. The certificate shall include
39 the name of the facility or tank vessel for which the certificate is issued, the effective date of the
40 plan and the date by which the plan must be submitted for renewal.

41 (10) The approval of a contingency plan by the department does not constitute an express as-
42 surance regarding the adequacy of the plan or constitute a defense to liability imposed under ORS
43 chapters 468, 468A and 468B or any other state law.

44 **SECTION 121.** ORS 468B.431 is amended to read:

45 468B.431. (1) The Department of Environmental Quality shall review a contingency plan for a

1 high hazard train route submitted under ORS 468B.427 and shall approve the contingency plan if the
2 plan:

3 (a) Meets the requirements of ORS 468B.429; and

4 (b) If implemented, is capable, to the maximum extent practicable in terms of personnel, mate-
5 rials and equipment, of removing oil promptly and properly and minimizing any damage to the en-
6 vironment.

7 (2) A railroad that owns or operates a high hazard train route shall notify the department in
8 writing promptly of any significant change affecting the contingency plan, including changes in any
9 factor set forth in this section. The department may require the railroad to update a contingency
10 plan as a result of these changes.

11 (3) The contingency plan must provide for the use by the applicant of the best technology
12 available at the time the contingency plan was submitted or renewed. For purposes of this sub-
13 section, the technology that provides the greatest degree of protection, taking into consideration
14 processes that are currently in use anywhere in the world, shall be considered the best technology
15 available. In determining what is the best technology available, the department shall consider the
16 effectiveness, engineering feasibility, technological achievability and cost of the technology.

17 (4)(a) Before the department approves a contingency plan required under ORS 468B.427, the de-
18 partment shall provide a copy of the contingency plan to the State Department of Fish and Wildlife,
19 the *[office]* **Department** of the State Fire Marshal and the Department of Land Conservation and
20 Development for review.

21 (b) In addition to providing copies to the agencies listed in paragraph (a) of this subsection,
22 before approving or modifying a contingency plan for a high hazard train route, the Department of
23 Environmental Quality shall provide a copy of the contingency plan to each federally recognized
24 Indian tribe that owns land or enjoys treaty-reserved hunting, fishing or gathering rights that could
25 be impacted by an oil discharge along any portion of the high hazard train route.

26 (c) The agencies and tribes that receive copies of a contingency plan under this subsection shall
27 review the contingency plan according to procedures and time limits established by rule of the En-
28 vironmental Quality Commission.

29 (5) Upon approval of a contingency plan, the department shall issue to the plan holder a certif-
30 icate stating that the contingency plan has been approved. The certificate shall include the name
31 of the high hazard train route for which the certificate is issued, the effective date of the contin-
32 gency plan and the date by which the contingency plan must be submitted for renewal.

33 (6) The approval of a contingency plan by the department does not constitute an express as-
34 surance regarding the adequacy of the contingency plan or constitute a defense to liability imposed
35 under ORS chapters 468, 468A and 468B or any other state law.

36 **SECTION 122.** ORS 476.030 is amended to read:

37 476.030. (1) The State Fire Marshal shall enforce all statutes, and make rules relating to:

38 (a) The prevention of fires.

39 (b) The storage and use of combustibles and explosives.

40 (c) The maintenance and regulation of structural fire safety features in occupied structures and
41 overseeing the safety of and directing the means and adequacy of exit in case of fire from factories,
42 asylums, hospitals, churches, schools, halls, theaters, amphitheaters, all buildings, except private
43 residences, which are occupied for sleeping purposes, and all other places where large numbers of
44 persons work, live or congregate from time to time for any purpose except that structural changes
45 shall not be required in buildings built, occupied and maintained in conformity with state building

1 code regulations applicable at the time of construction.

2 (d) Standards for equipment used for fire protection purposes within this state including stand-
3 ard thread for fire hose couplings and hydrant fittings.

4 (2) The State Fire Marshal and deputies shall have such powers and perform such other duties
5 as are prescribed by law.

6 (3) If, in the opinion of the State Fire Marshal, a governmental subdivision of the state has en-
7 acted adequate regulations generally conforming to state and national standards concerning fire
8 prevention, fire safety measures and building construction requirements for safety, and if the gov-
9 ernmental subdivision provides reasonable enforcement of its regulations, the State Fire Marshal
10 may exempt the area subject to such regulation either partially or fully from the statutes, rules and
11 regulations administered by the State Fire Marshal. Prior to adoption of any such exemption, the
12 State Fire Marshal may request from the Department of Public Safety Standards and Training con-
13 sideration of and recommendations regarding the exemption. The exemption may extend for a two-
14 year period, and may be renewed from time to time, but may be canceled by the State Fire Marshal
15 following 30 days' written notice if the State Fire Marshal finds that the governmental subdivision's
16 regulations or enforcement thereof are not reasonably sufficient. The governmental subdivision shall
17 furnish a copy of such regulations to the State Fire Marshal and shall file with the State Fire
18 Marshal any amendment thereto within 30 days before the effective date of such amendment. The
19 State Fire Marshal shall designate a person or division within such governmental subdivision as an
20 approved authority for exercising functions relating to fire prevention, fire safety measures and
21 building construction. Upon request of a local official having enforcement responsibility and a
22 showing of unusual fire hazard or other special circumstances, the State Fire Marshal shall make
23 investigation and appropriate recommendations.

24 (4) The State Fire Marshal may investigate or cause an investigation to be made to determine
25 the probable cause, origin and circumstances of any fire and shall classify such findings as the State
26 Fire Marshal may find appropriate to promote fire protection and prevention.

27 (5) The State Fire Marshal shall provide training in fire safety inspection to the Department of
28 Human Services, area agencies, the Oregon Health Authority, community mental health programs,
29 developmental disabilities programs and designees of the Long Term Care Ombudsman and the
30 Residential Facilities Ombudsman. If an adult foster home has been inspected by the Department
31 of Human Services, the Oregon Health Authority, an area agency, a community mental health pro-
32 gram or a developmental disabilities program and the agency conducting the inspection reasonably
33 believes that the adult foster home is not in compliance with applicable fire safety rules, the agency
34 conducting the inspection may request the State Fire Marshal to inspect or cause an inspection to
35 be made. If a designee of the Long Term Care Ombudsman or the Residential Facilities Ombudsman,
36 in the course of visiting an adult foster home, believes that the adult foster home is not in compli-
37 ance with applicable fire safety rules, the designee shall report the problem to the appropriate
38 agency to request a fire safety inspection by *[the office of]* the State Fire Marshal or by a designated
39 representative of the *[office of the]* State Fire Marshal.

40 (6) Upon the request of the Department of Human Services, the Oregon Health Authority, an
41 area agency, a community mental health program or a developmental disabilities program, the State
42 Fire Marshal shall inspect or cause an inspection to be made to determine if the adult foster home
43 is in compliance with rules jointly adopted by the Department of Human Services and the State Fire
44 Marshal establishing fire safety standards for adult foster homes.

45 (7) As used in subsections (5) and (6) of this section:

1 (a) "Adult foster home" has the meaning given that term in ORS 443.705.

2 (b) "Area agency" has the meaning given that term in ORS 410.040.

3 (c) "Community mental health program" means a program established under ORS 430.620 (1)(b).

4 (d) "Developmental disabilities program" means a program established under ORS 430.620 (1)(a).

5 **SECTION 123.** ORS 476.050 is amended to read:

7 sation of clerks and other assistants and other expenses of the [*office of*] **Department of the State**
8 Fire Marshal necessary in the performance of the duties imposed upon the State Fire Marshal shall
9 be paid in the same manner as are other state officers and the expenses of other state departments,
10 and shall not exceed the amount paid to the State Treasurer for the maintenance of the [*office of*]
11 **Department of the State Fire Marshal**.

12 **SECTION 124.** ORS 476.055 is amended to read:

18 be available and constitute a continuing appropriation for the payment of any expense of the [*State*
19 *Fire Marshal*] **department** and for the payment of expenses of the Department of Public Safety
20 Standards and Training and the Board on Public Safety Standards and Training relating to training
21 programs concerning fire services and accreditation of fire service professionals. The **Department**
22 **of the State Fire Marshal** shall keep on file an itemized statement of all expenses incurred by the
23 [*State Fire Marshal*] **department** and shall approve all disbursements as submitted for payment.
24 Administrative expenditures made from the State Fire Marshal Fund shall not exceed a reasonable
25 amount for the services performed.

26 **SECTION 125.** ORS 476.090 is amended to read:

27 476.090. (1) The **Department of the State Fire Marshal** shall keep a record of all fires occurring
28 in this state and of all facts concerning the same, including statistics as to the extent of such fires
29 and the damage caused, whether such losses were covered by insurance, and if so, in what amount.
30 All such records shall be public, except any testimony, information or other evidence taken in an
31 investigation under ORS 476.010 to 476.090, 476.155 to 476.170, 476.210 to 476.270 and 479.180, which

45 476.210. (1) The municipal fire marshals, fire department chiefs, constables and other officers

1 referred to in ORS 476.060 shall investigate the cause, origin and circumstances of each fire occur-
2 ring in their respective cities, villages or townships, by which property has been destroyed or dam-
3 aged, and shall make an investigation to determine whether the fire was the result of carelessness
4 or design. The investigation shall be commenced immediately after the occurrence of the fire. The
5 State Fire Marshal may superintend and direct the investigation if the State Fire Marshal deems it
6 necessary.

7 (2) The fire chief of every city, or rural fire protection district shall provide the State Fire
8 Marshal with a full report of every fire occurring within the jurisdiction of the fire chief on a form
9 provided **by the Department of the State Fire Marshal** or approved by the State Fire Marshal.
10 Whenever the fire chief of every city under 200,000 population finds any fire is of undetermined or
11 suspicious origin or involves a death or serious injury, the fire chief shall immediately notify the
12 State Fire Marshal or a deputy state fire marshal and shall assemble all known facts and circum-
13 stances concerning the fire in an approved report form and shall submit such report to the State
14 Fire Marshal, or the deputy state fire marshal assigned to the territory in which the fire originated.
15 When evidence clearly indicates the cause of fire to be of incendiary origin, the fire chief shall also
16 immediately notify the state, county or municipal police agency.

17 (3) This section shall not apply to forestlands under the jurisdiction of the State Forester.

18 **SECTION 128.** ORS 476.220 is amended to read:

21 shall furnish the State Fire Marshal a written statement of all facts relating to its cause and origin,
22 and such other information as is required by forms provided by **the Department of the State Fire**
23 **Marshal**.

24 (2) This section shall not apply to forestland under the jurisdiction of the State Forester.

25 **SECTION 129.** ORS 476.270 is amended to read:

26 476.270. (1) If an insurance company has reason to believe that a fire loss to its assured's real
27 or personal property was caused by incendiary means, the company shall immediately make a report
28 to the [office] **Department** of the State Fire Marshal. The report shall indicate the name of the as-
29 sured, the date of the fire, location, occupancy, and facts and circumstances coming to the
30 company's knowledge, tending to establish the cause or origin of the fire.

31 (2) Any federal, state or local public official or authorized agent thereof having legal authority
32 to investigate a fire loss of real or personal property may request any insurance company to provide
33 relevant information in its possession pertaining to that loss. Upon request, the company shall re-

43 may, on forms furnished by the **Department of the State Fire Marshal** for such purposes, bill the
44 owner of the property involved in the fire for the cost of providing the fire suppression service. The
45 governing body of the city or the district board of the rural fire protection district that provided the

1 fire suppression service may determine the cost of providing the fire suppression service by use of
2 a state standardized-costs schedule as approved by the State Fire Marshal. The cost charged for
3 providing the fire suppression service may not be greater than the pro rata cost that would have
4 been charged by the city or district for the performance by the city or district of a similar fire
5 suppression service within its jurisdiction. If the cost is not paid within 30 days after the second
6 billing, the governing body of the city or the district board of the rural fire protection district that
7 provided the fire suppression service may bring an action for the recovery of the unpaid cost from
8 the owner of the real property upon which the fire suppression service was rendered.

 36 on a form provided by the State Fire Marshal that all of the new installations are duly and properly
 37 reported. The State Fire Marshal may require that the notification include the location and de-
 38 scription of the installation and the name of the user. All fees due and payable must accompany the
 39 notification. The replacement of empty containers or receptacles with other containers constructed
 40 in accordance with United States Department of Transportation specifications is not a new instal-
 41 lation or change in the original installation that requires notification to the State Fire Marshal or
 42 necessitates further inspection of the installation. The State Fire Marshal shall collect from the in-

5 (3) After the initial installation, liquefied petroleum gas containers may be inspected once every
6 10 years except when changes have been made in the original installation. An installer making
7 changes must notify the State Fire Marshal of the changes in the same manner provided in this
8 section for new installations. The State Fire Marshal shall collect from the owner a fee of \$50 for
9 the inspection of each container. The manner of inspection, requirement of corrections, satisfaction
10 of requirements and collection of fees due and payable must conform with the provisions of ORS
11 480.410 to 480.460 for new installations. Upon request of the State Fire Marshal, LP gas installation
12 licensees shall furnish a list of the locations of 10-year old installations that they service.

13 (4) If, upon inspection of any tank, the new installation does not comply with the requirements

15 are necessary for compliance with the State Fire Marshal's requirements. The installer of the new
16 installation shall, within the time set by the State Fire Marshal, not to exceed 60 days after notifi-

19 reason to believe that the corrections have not been made, the State Fire Marshal shall reinspect
20 the new installation and shall collect from the installer an additional fee of \$125. The user, not the
21 installer, shall pay the additional fee resulting from actions of the user that require correction to
22 achieve compliance with the requirements of the State Fire Marshal.

23 (5) A person who receives notice from the State Fire Marshal must correct any improper in-
24 stallation within the time set by the State Fire Marshal, not to exceed 60 days after receipt of the

27 after service of written notice by the State Fire Marshal therefor, or if the installer fails to notify
28 the State Fire Marshal by the last day of the month succeeding the month a new installation is made
29 or a change is made requiring an inspection, the fees are delinquent and a penalty equal to the
30 greater of 10 percent of the fee amount or \$30, is imposed for the delinquency. The State Fire
31 Marshal shall collect all fees and penalties in the name of the State of Oregon in the same manner
32 that other debts are collected.

33 (7) The provisions of this section do not apply to liquefied petroleum gas installations if made
34 entirely within the jurisdiction of a governmental subdivision granted the exemption provided by
35 ORS 476.030 (3) and written evidence of the licensing of the installation by the approved authority
36 is submitted to the State Fire Marshal. The provisions of this section do not apply to LP gas in-
37 stallations made in manufactured dwellings that are constructed or altered in accordance with ap-
38 plicable rules of the Department of Consumer and Business Services. The provisions of this section
39 do not apply to LP gas installations in a recreational vehicle as defined in ORS 174.101.
