A BILL FOR AN ACT

Relating to language services for the Legislative Assembly; and prescribing an effective date.

Whereas the ability to deliver quality legislative services is closely connected to the ability to communicate and effect change on behalf of all Oregonians; and

Whereas because the population of refugees and immigrants is growing in Oregon, the Legislative Assembly recognizes that steps must be taken to enhance communication with individuals and families whose primary language is not English; and

Whereas the utilization of professional, culturally competent translators and interpreters will improve the delivery of social services, will improve outreach efforts, will build community trust, will decrease the burden of relying on untrained staff or family members to be interpreters and will avoid inadequate or erroneous service delivery; and

Whereas all legislative districts in Oregon contain residents with limited English proficiency but legislative offices have not hired staff or taken other measures to communicate in or translate important legislative information into languages commonly spoken in respective legislative districts; and

Whereas the United States Census Bureau's American Community Survey has data on the frequency and types of languages other than English that are spoken in respective legislative districts; and

Whereas the development of language access plans for each legislative district will facilitate enhancements in communicating critical legislative information to limited English proficiency constituents in a timely manner and improve their participation in the legislative process; now therefore,

Be It Enacted by the People of the State of Oregon:

SECTION 1. (1) The Legislative Assembly shall provide the translator and interpreter

services, and that shall incorporate the following factors:

nity Survey data that indicate the number or proportion of limited English proficiency con-
stituents that are present in the member's district and the languages spoken by these
constituents;

member’s office;

c) The nature and importance of the information and the impact of access to the infor-

Act.

SECTION 4. This 2021 Act takes effect on the 91st day after the date on which the 2021
regular session of the Eighty-first Legislative Assembly adjourns sine die.
