ORS 238.148. (1) A member of the Public Employees Retirement System who is a police officer or telecommunicator is entitled to receive retirement credit as provided in subsection (2) of this section if:

(a) The member was employed as a public safety officer or telecommunicator by another state, or political subdivision of another state, before being employed in a position that entitled the member to credit in the system; and

(b) The member makes the payment required by subsection (2) of this section within the time specified by that subsection.

(2) Except as provided in subsection (3) of this section, a member of the system employed as a police officer or telecommunicator who meets the requirements of subsection (1) of this section is entitled to receive retirement credit for the period of the member’s service with another state, or political subdivision of another state, not to exceed a maximum of four years, if the member within 90 days of the member’s effective date of retirement:

(a) Applies in writing to the Public Employees Retirement Board for such retirement credit;

(b) Provides written verification to the board from the other state, or political subdivision of the other state, that employed the member, verifying the period of time that the member served as a public safety officer or telecommunicator in the other state; and

(c) Pays to the board, in a lump sum, for each year of retirement credit applied for under this section, an amount determined by the board to represent the full cost to the system of providing the retirement credit to the member, including all administrative costs incurred by the system in processing the application for acquisition of the retirement credit.

(3) A member may not receive retirement credit under the provisions of this section for any period of service with another state, or political subdivision of another state, if the member is entitled to a pension or retirement allowance by reason of that service under a public plan or system
offered by the other state or by a political subdivision of the other state.

(4) For the purposes of this section[,]:

(b) “Telecommunicator” means a person who serves in a position with another state, or political subdivision of another state, that is the other state’s equivalent of the position described in ORS 181A.355 (19).

SECTION 3. ORS 238.440 is amended to read:

238.440. (1) A police officer [or], firefighter or telecommunicator who is a member of the system may elect to make additional contributions to the fund to purchase increased benefits between the date of retirement and age 65. The rate of additional contribution shall be determined by the actuary, dependent upon the age of the police officer [or], firefighter or telecommunicator at the date of election, so as to provide monthly payments on the basis of $10 per unit of benefits purchased. No police officer [or], firefighter or telecommunicator may elect to purchase more than eight units. For each $10 unit purchased by the police officer [or], firefighter or telecommunicator, the employer shall purchase an equal $10 unit. A police officer [or], firefighter or telecommunicator who is retained until age 65 shall receive a lump sum refund of the additional contributions made toward units purchased, plus interest thereon, but shall receive no benefits from the additional contributions by the employer for such units. If a police officer [or], firefighter or telecommunicator retires after age 60 but prior to age 65, the units purchased by additional contributions shall provide increased monthly benefits based on life expectancy, but the matching units purchased by the employer shall not, regardless of age, exceed $10 per month per unit purchased by the police officer [or], firefighter or telecommunicator. If a police officer [or], firefighter or telecommunicator is absent from the employment of a participating employer for any reason and because of such absence is unable to make monthly additional contributions, the benefits provided under this section shall be actuarially reduced upon the retirement of the police officer [or], firefighter or telecommunicator. The Public Employees Retirement Board shall establish an account for each member who elects to make additional contributions under this section and shall credit all contributions made by that member and interest on those contributions to the account.

(2) Notwithstanding subsection (1) of this section, a police officer [or], firefighter or telecommunicator who retires prior to age 60 may apply for and receive an actuarially reduced unit income commencing at any date between the date of early retirement and age 60, with monthly benefits payable for at least 60 months or any other monthly formula in excess of 60 months but always terminating by age 65. Such a police officer [or], firefighter or telecommunicator may elect to pay in a lump sum within the 60 days immediately preceding early retirement the contribution that the police officer [or], firefighter or telecommunicator would have made to the account had the police officer [or], firefighter or telecommunicator worked to age 60.

(3) Any police officer [or], firefighter or telecommunicator who elects to make additional contributions to purchase increased benefits may elect at any time before termination to cancel such election. Having once canceled such election, no police officer [or], firefighter or telecommunicator shall be again permitted to make additional contributions.

(4) A member may withdraw the amounts credited to the account established for the member under this section if:

(a) The member is separated from all service with participating public employers; and
(b) The member is separated from all service with employers who are treated as part of a participating public employer’s controlled group under the federal laws and rules governing the status of the system and the fund as a qualified governmental retirement plan and trust.

(5) A member who withdraws the amounts credited to the account established for the member pursuant to subsection (4) of this section may not thereafter make additional contributions under this section.

(6)(a) A police officer or firefighter or telecommunicator who has elected to make additional contributions under this section and who transfers to employment in which not entitled to make such additional contributions may retain the account established under subsection (1) of this section for five years immediately following such transfer by not requesting a withdrawal.

(b) If, at the end of the five-year period, a police officer or firefighter has not reached age 50, or has not returned to employment in which entitled to make additional contributions under this section, the election shall be canceled and the amount of the account established under subsection (1) of this section shall be refunded to the police officer or firefighter.

(c) If, at the end of the five-year period, a telecommunicator has not reached age 55, or has not returned to employment in which entitled to make additional contributions under this section, the election shall be canceled and the amount of the account established under subsection (1) of this section shall be refunded to the telecommunicator.

(7) Any election to make additional contributions under this section and any cancellation of such election shall be submitted to the employer and to the board in writing.

SECTION 4. The amendments to ORS 238.145, 238.148 and 238.440 by sections 1 to 3 of this 2021 Act apply to members of the Public Employees Retirement System with an effective date of retirement on or after the effective date of this 2021 Act.
