LC 2287
(b) For tax years beginning in each calendar year, the Department of Revenue shall adopt a table that shall apply in lieu of the table contained in paragraph (a) of this subsection, as follows:

(A) Except as provided in subparagraph (D) of this paragraph, the minimum and maximum dollar amounts for each bracket for which a tax is imposed shall be increased by the cost-of-living adjustment for the calendar year.

(B) The rate applicable to any rate bracket as adjusted under subparagraph (A) of this paragraph may not be changed.

(C) The amounts setting forth the tax, to the extent necessary to reflect the adjustments in the rate brackets, shall be adjusted.

(D) The rate brackets applicable to taxable income in excess of $125,000 may not be adjusted.

(c) For purposes of paragraph (b) of this subsection, the cost-of-living adjustment for any calendar year is the percentage (if any) by which the monthly averaged U.S. City Average Consumer Price Index for the 12 consecutive months ending August 31 of the prior calendar year exceeds the monthly averaged index for the second quarter of the calendar year 1992.

(d) As used in this subsection, “U.S. City Average Consumer Price Index” means the U.S. City Average Consumer Price Index for All Urban Consumers (All Items) as published by the Bureau of Labor Statistics of the United States Department of Labor.

(e) If any increase determined under paragraph (b) of this subsection is not a multiple of $50, the increase shall be rounded to the next lower multiple of $50.

(2) The rate of tax imposed under this chapter shall be four percent of taxable income, if the taxpayer’s adjusted gross income does not exceed $100,000 if reported on a joint return or $50,000 for all other types of returns.

(2)(3) A tax is imposed for each taxable year upon the entire taxable income of every part-year resident of this state. The amount of the tax shall be computed under subsection (1) or (2) of this section as if the part-year resident were a full-year resident and shall be multiplied by the ratio provided under ORS 316.117 to determine the tax on income derived from sources within this state.

(2)(3) A tax is imposed for each taxable year on the taxable income of every full-year non-resident that is derived from sources within this state. The amount of the tax shall be determined in accordance with [the table set forth in subsection (1)] subsection (1) or (2) of this section.

SECTION 2. ORS 316.122 is amended to read:

316.122. (1) If the federal taxable income of spouses in a marriage (one being a part-year resident and the other a nonresident) is determined on a joint federal return, their taxable income in this state shall be separately determined, unless they elect to file a joint return, in which case their tax on their joint income shall be determined in this state pursuant to ORS 316.037 [(3) (4)]

(2) If the federal taxable income of spouses in a marriage (one being a full-year resident and the other a part-year resident) is determined on a joint federal return, their taxable income in this state shall be separately determined, unless they elect to file a joint return, in which case their tax on their joint income shall be determined in this state pursuant to ORS 316.037 [(2) (3)] (3).

(3) If the federal taxable income of spouses in a marriage (one being a full-year resident and the other a nonresident) is determined on a joint federal return, their taxable income in the state shall be separately determined, unless they elect to file a joint return, in which case their tax on their joint income shall be determined in this state pursuant to ORS 316.037 [(3) (4)]

(4) For purposes of computing the tax of spouses under this section, if one of the spouses is a full-year resident individual, then as used in ORS 316.037 [(2) or (3) (3)] or (4), that spouse’s taxable income derived from Oregon sources is that spouse’s entire federal taxable income, defined in the
laws of the United States, with the modifications, additions and subtractions provided in this chapter
and other laws of this state applicable to personal income taxation.

(5) The provisions of ORS 316.367 with respect to joint returns apply if both spouses are part-
year residents or full-year nonresidents.

SECTION 3. ORS 316.362 is amended to read:

316.362. (1) An income tax return with respect to the tax imposed by this chapter shall be made
by the following:

(a) Every resident individual:
   (A) Who is required to file a federal income tax return for the taxable year; or
   (B) Who has gross income greater than the sum of:
      (i) The basic standard deduction allowed under ORS 316.695 (1)(c)(B);
      (ii) Any additional standard deduction allowed to the taxpayer under ORS 316.695 (7); and
      (iii) An amount equal to the income equivalent of one personal exemption credit under ORS
           316.085 (3)(b) if unmarried, or equal to the income equivalent of two personal exemption credits un-
           der ORS 316.085 (3)(b) if married.
   (b) Every nonresident individual who has federal gross income from sources in this state of more
       than the basic standard deduction allowed under ORS 316.695 (1)(c)(B).
   (c) Every resident estate or trust that is required to file a federal income tax return.
   (d) Every nonresident estate that has federal gross income of $600 or more for the taxable year
       from sources within this state.
   (e) Every nonresident trust that for the taxable year has from sources within this state any
       taxable income, or gross income of $600 or more regardless of the amount of taxable income.

(2) Nothing contained in this section shall preclude the Department of Revenue from requiring
any individual, estate or trust to file a return when, in the judgment of the department, a return
should be filed.

(3) For purposes of this section, the income equivalent of a personal exemption credit under ORS
316.085 (3)(b) shall be determined as follows:

(a) Divide the personal exemption credit amount by the lowest rate applicable [to the lowest
income bracket] under ORS 316.037.

(b) If the resulting quotient is less than the maximum amount of income subject to the rate used
in paragraph (a) of this subsection, the quotient is the income equivalent.

(c) If the resulting quotient is more than the maximum amount of income subject to the rate
used in paragraph (a) of this subsection:

   (A) Multiply the maximum amount of income subject to the rate used in paragraph (a) of this
       subsection by the rate used in paragraph (a) of this subsection.
   (B) Determine the difference between the product calculated under subparagraph (A) of this
       paragraph and the personal exemption credit amount.
   (C) Divide the difference determined in subparagraph (B) of this paragraph by the rate applica-
       ble to the income bracket that is the next succeeding the lowest income bracket under ORS 316.037
       (1).
   (D) Add the quotient determined in subparagraph (C) of this paragraph to the maximum amount
       of income subject to the rate used in paragraph (a) of this subsection. The sum is the income
       equivalent.

SECTION 4. The amendments to ORS 316.037, 316.122 and 316.362 by sections 1 to 3 of this
2021 Act apply to tax years beginning on or after January 1, 2022.
SECTION 5. This 2021 Act takes effect on the 91st day after the date on which the 2021 regular session of the Eighty-first Legislative Assembly adjourns sine die.
