

3/3/2021 - 8 a.m.Senate Bill 219 – Senate Committee on Judiciary and Measure 110 Implementation

I oppose Senate Bill 219: Is POLST program dissolving? State does not need to any further information authority over the life of citizens. SB 219 is violation of privacy. I do not want Oregon to have my last illness – Death personal information or any more other information than the State already gleans from its citizens. Legislative Assembly stepping more and more into our lives, when will it quit – apparently not until Death and its administration of our life resources are disseminated by Probate.  
No Staff Measure Summary, Revenue Impact Statement, Fiscal Impact Statement, or Budget Report.
