

This bill and its content are based on political motives and not real life facts. The facts are clear that anywhere this type of law has taken effect, violent crime has risen and continues to rise. All this while the promoters of this type of political abuse hide behind armed security with increased armed presence. Liars and cowards put forth this type of attack on our constitution and the Oregon citizens. This is factually an attack on our law-abiding citizens.

This bill is sheer lunacy at a time when Oregon is seeing unprecedented spikes in violent crime and a complete inability of police to address it. Meanwhile, looters and rioters are routinely being returned to our streets and facing no prosecutions.

As in previous attempts to render firearms useless for self-defense, the bill punishes gun owners who are victims of theft and contains not one single word about penalties for gun thieves.

While life in Oregon, especially our cities, becomes increasingly perilous, Oregon Democrats are working overtime to make sure you and your family are defenseless.

And rest assured, these actions are not the result of ignorance. Oregon Democrats are pushing bills to make criminals out of law-abiding gun owners while neutering the police, so this bill is just one more effort to make sure that thugs are protected while you and your family are robbed of any means of protecting yourselves.

Sincerely, Shawn Lee American Citizen and Proud minority of the USA.
